NON-DISCRIMINATION CLAUSE

During the terms of this contract, Supplier agrees as follows:

1. Supplier shall not discriminate against any employee, application for employment, independent Supplier or any other person because of race, color, religion, creed, ancestry, national origin, age or sex.
2. Supplier shall take affirmative action to ensure that applicants are employed, and that employees or agents are treated during employment, without regard to their race, color, religious creed, ancestry, national origin, age or sex. Such affirmative action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training.
3. Supplier shall post, in conspicuous places, available to employees, agents, applicants for employment and other persons, a notice to be provided by the contracting agency setting forth the provisions of this nondiscrimination clause.
4. Supplier shall, in advertisements or requests for employment, place by it or on its behalf, state all qualified applicants will receive consideration for employment without regard to race, color, religious creed, ancestry, national origin, age or sex.
5. Supplier shall send each labor union or workers' representative with which it has a collective bargaining agreement or other contract or understanding, a notice advising said labor union or workers' representative of its commitment to this non- discrimination clause. Similar notice shall be sent to every source of recruitment regularly utilized by Supplier.
6. It shall be no defense to a finding of non-compliance with the Contract Compliance Regulations issued by the Pennsylvania Human Relations Commission or this non- discrimination clause that the Supplier has delegated some of its employment practices to any union, training program or other source of recruitment which prevents it from meeting its obligations. However, if the third-party discrimination has made a good faith effort to correct it, such factor shall be considered in mitigation in determining appropriate sanctions.
7. When the practices of a union or of any training program or other source of recruitment will result in the exclusion of minority group persons, so that the Supplier will be unable to meet its obligations under the Contract Compliance Regulations issued by the Pennsylvania Human Relations Commission, or this non-discrimination clause, the Supplier shall then employ and fill vacancies through other non-discriminatory employment procedures.
8. Supplier shall comply with the Contract compliance regulations of the Pennsylvania Human Relations Commission, 16 PA Code Chapter 49 and with all laws prohibiting discrimination in hiring or employment opportunities. In the event of Supplier's noncompliance with the non-contract may, after hearing and adjudication, be terminated or suspended in whole or in part, and Supplier may be declared temporarily ineligible for further Commonwealth contracts, and

such other sanctions may be imposed and remedies invoked as provided by the Contract Compliance Regulations.

9. Supplier shall furnish all necessary employment documents and records to, and permit access to its books, records and accounts by the contracting agency and the Human Relations Commission for purposes of investigation to ascertain compliance with revisions of the Contract Compliance Regulations. If Supplier does not possess documents or records reflecting the necessary information or reporting forms such will be supplied by the contracting agency or the Commission.
10. Supplier shall actively recruit minority subcontractors or subcontractors with substantial minority representation among their employees.
11. Supplier shall include the provisions of this nondiscrimination clause in every subcontract, so that such provisions will be binding upon each subcontractor.
12. The terms used in this non-discrimination clause shall have the same meaning as in the Contract Compliance Regulations issued by the Pennsylvania Human Relations Commission, 16 PA Code Chapter 49.
13. Supplier obligations under this clause are limited to the Supplier's facilities within Pennsylvania or, where the contract is for purchase of goods manufactured outside of Pennsylvania, the facilities at which such goods are actually produced.
