

## Executive Summary

### AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

#### 1. Introduction

In compliance with HUD's regulations, the Borough of Berwick has prepared an Annual Action Plan, which will be utilized for FFY 2022. This Annual Action Plan highlights challenges and opportunities in focus areas such as housing, community, and economic development within the Borough of Berwick.

The Annual Action Plan also establishes goals for the Borough of Berwick over the next year by outlining initiatives the Borough of Berwick will undertake to address identified needs. This FY2022 Annual Action Plan is a collaborative effort between the Borough of Berwick, SEDA-Council of Governments (SEDA-COG), the community at large, social service agencies, housing providers, community development agencies, and economic development groups. The planning process was accomplished through a series of public meetings, stakeholder consultation interviews, and collaboration.

#### 2. Summarize the objectives and outcomes identified in the Plan

As part of the Annual Action Plan, the community must develop goals and objectives. The following goals and objectives have been identified for the Borough of Berwick for the period of FFY 2022 for the CDBG Program:

##### **Housing Priority - (High Priority)**

There is a need to improve the quality of the housing stock in the Borough of Berwick, and to increase the supply of affordable, decent, safe, sound, and accessible housing for homeowners, renters, and homebuyers.

- **HS-1: Fair Housing** – Support education, enforcement/reporting, and/or evaluation/study of Fair Housing rights and other housing related topics relevant to the public.
- **HS-2: Housing Stock** - Support efforts to create new units of affordable and/or accessible housing as well as maintain and improve the quality of older homes, including elimination of slum and blighting conditions.

### **Other Special Needs Priority - (Low Priority)**

There is a need for services and facilities for the youth, elderly, persons with disabilities, victims of domestic violence, persons with HIV/AIDS, and persons with special needs.

- **SN-1 Public Safety** – Improvement in the ability to respond to emergency situations.
- **SN-2 Social Services** - Support social service programs and facilities for the youth, elderly, persons with disabilities, victims of domestic violence, persons with HIV/AIDS, and persons with other special needs.

### **Community and Economic Development Priority - (High Priority)**

There is a need to improve the public and community facilities, infrastructure, employment, and the quality of life in the Borough of Berwick.

- **DV-1 Community Facilities** - Improve the parks, recreational centers, trails, bikeways, and public and community facilities through rehabilitation, new construction, and handicap accessibility improvements.
- **DV-2 Infrastructure** - Improve infrastructure through rehabilitation, reconstruction, and new construction of streets, sidewalks, ADA curb cut ramps, sewer, water, storm water management, flood protection, bridges, green infrastructure, etc.
- **DV-3 Employment** - Support and encourage job creation, job retention, and job training opportunities as well as entrepreneurship and small business development.

### **Administration, Planning, and Management Priority - (High Priority)**

There is a continuing need for planning, administration, management, and oversight of Federal, state, and local funded programs.

- **AM-1 Overall Coordination** - Provide program management and oversight for the successful administration of Federal, state, and local funded programs, including planning services for special studies, environmental clearance, fair housing, and compliance with all Federal, state, and local laws and regulations.

### **Assignment of Priority Discussion:**

**High Priority** - Activities are assigned a high priority if the Borough of Berwick will likely utilize CDBG funds to finance activities during the Five-Year Consolidated Plan period.

**Low Priority** - Activities are assigned a low priority if the activity may not be funded by the Borough of Berwick during the Five-Year Consolidated Plan period. The Borough of Berwick may support applications for other funding if those activities are consistent with the needs identified in the Five-Year Consolidated Plan.

### **3. Evaluation of past performance**

The Borough of Berwick is a seven-year federal Entitlement community.

The FFY 2016 through FFY 2020 Consolidated Annual Performance Evaluation Reports (CAPER) have been submitted to HUD regarding how the Borough of Berwick has expended its funds.

The FFY 2021 Consolidated Annual Performance Evaluation Report will report on the use of FFY 2022 funds. This report will be submitted by the end of the calendar year 2022.

### **4. Summary of Citizen Participation Process and consultation process**

In preparation for the development of the 2022 Annual Action Plan, initial consultation meetings were held with the Columbia County Housing Authority (who also has a representative on the regional Continuum of Care Board), Columbia County Human Service Coalition, businesses, developers, nonprofit organizations, philanthropic organizations, and community and faith-based organizations. A notice was mailed out on April 24, 2022, to the various contacted organizations regarding the initiation of the CDBG application preparation schedule.

As a component of this schedule, the Borough of Berwick held its first public hearing on May 2, 2022. This meeting was held in the council chambers at 1800 North Market Street Berwick, Pa at 7:00pm. The hearing is based on the needs of the community and its residents. The hearing also provided the residents, agencies, and organizations with the opportunity to discuss the Borough of Berwick's CDBG program, and to provide suggestions for future CDBG program priorities and activities.

SEDA-COG then emailed all the agencies and organizations that were contacted as part of the consultation process, to let them know that the FFY 2022 Action Plan were on public display. The comment period for the FY 2022 Annual Action Plan began on June 13, 2022. A copy of the " FFY 2022 Annual Action Plan" were placed on display at the following locations:

1. Borough of Berwick  
1800 North Market Street  
Berwick, PA 18603
2. SEDA-COG's website:  
<http://www.sedacog.org/Pages/communitydevelopment.aspx>

A final public hearing was held in the Borough of Berwick on June 20, 2022. The hearing gave the public a final opportunity to comment on the Borough's plan.

The comment period for the FFY 2022 Annual Action Plan ended on July 13, 2022. Please refer to the minutes of the public hearings for further comment documentation as well as the public comment summary.

## **5. Summary of public comments**

Notices were advertised in the *Press Enterprise*, the local newspaper of circulation, regarding the borough's public hearing in order to invite comment. Public comment was also invited for thirty (30) days regarding the Annual Action Plan.

Comments received at the borough's public hearings, as well as during the thirty (30) day comment period are included as public hearing meeting minutes, attached at the end of the FFY 2022 Annual Action Plan.

## **6. Summary of comments or views not accepted and the reasons for not accepting them**

All comments and suggestions received to date have been accepted and incorporated into the Five-Year Consolidated Plan.

## **7. Summary**

The main goal of the FFY 2022 Annual Action Plan is to implement strategies and work toward goals related to challenges identified in the Five-Year Consolidated Plan. Through this Five-Year Consolidated Plan study effort, baseline goals were established to work toward improving the housing conditions, and address community and economic development needs.

For FFY 2022 Program Year, the following CDBG allocation will be distributed to the Borough of Berwick: \$292,170.00.

**Narrative**

The mission of the Community Development Program at SEDA-COG is to work with local governments and their citizens to improve communities and the lives of community residents through infrastructure and community facility projects. Recipients of SEDA-COG’s Community Development services include the region's counties, communities, municipal authorities, and locally based organizations.

Success is assisting a community through the planning, development, design, funding, and construction of much needed public infrastructure or community facility projects. In the last 30 years, SEDA-COG's Community Development Program has assisted with nearly 1,000 public infrastructure and community facility projects, resulting in community investments of nearly half a billion dollars

**AP-10 Consultation – 91.100, 91.200(b), 91.215(l)**

**1. Introduction**

The Borough of Berwick and its CDBG Administrator, SEDA-COG, held a series of consultation meetings during March of 2021. Upon completion of the initial consultation meetings and interviews, a SEDA-COG representative attended the bi-monthly meeting of the Columbia County Human Service Coalition. At this meeting, the SEDA-COG representative informed local providers of the Borough's effort to undertake this Five-Year Consolidated Plan and invited the providers an opportunity to schedule additional consultation meetings/interviews to participate in this effort. Input from the consultation meetings was used in the development of the specific strategies and priorities for this Five-Year Consolidated Plan. Public hearings were scheduled in accordance with the Borough of Berwick's adopted Citizen Participation Plan to provide the public an opportunity to comment on the development of this Plan

Organizations that participated during the consultation process of the Five-Year Consolidated Plan have been notified of the FFY 2022 CDBG program's initiation through an outreach letter. Additionally, an announcement was made at a bi-monthly Columbia County Human Services Coalition meeting about the FFY 2022 Annual Action Plan's development and the opportunity for CDBG program funding for projects. Public advertising also occurred.

**Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health, and service agencies (91.215(l)).**

The Borough of Berwick will work with the following agencies to enhance coordination:

<b>Responsible Entity</b>	<b>Responsible Entity Type</b>	<b>Role</b>	<b>Geographic Area Served</b>
The Borough of Berwick	Government agency	Community Development – Public Facilities, Neighborhood Improvements, Public Services, Economic Development Planning	Jurisdiction
Central PA Continuum of Care	Government agency	Homelessness	Region
Columbia County Housing Authority	PHA	Affordable Housing: Ownership Affordable Housing: Rental Public Housing	Region
Columbia County Human Service Coalition Member Organizations	Nonprofit organization	Homelessness Non-homeless special needs	Region
Columbia Montour Chamber of Commerce	Private Industry	Economic Development Planning	Region
Community Strategies Group	Redevelopment authority	Affordable Housing: Ownership Affordable Housing: Rental Community Housing Development Organization (CHDO) Planning	Region

DRIVE	Government agency	Economic Development Planning	Region
SEDA-COG	Government agency	Community Development – Public Facilities, Neighborhood Improvements, Public Services, Economic Development Planning	Region

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

Columbia County is part of Central Valley Regional Homeless Advisory Boards. There are 5 (Regional Homeless Advisory Boards in the Eastern PA Continuum of Care, and each Regional Homeless Advisory Boards has two representatives on the Continuum of Care’s Funding Committee. Each year the Continuum of Care conducts a gaps analysis, using data from the homeless service system, to identify needs and gaps within the Continuum of Care. This analysis includes a review of needs both at the Continuum of Care level, but also at the region and county level. The Continuum of Care Funding Committee uses this analysis to inform funding decisions about the needs of people experiencing homelessness, including chronically homeless, families with children, veterans, and youth.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

The Continuum of Care has three mechanisms by which local organizations may be involved in funding decisions, developing performance standards/evaluating outcomes, and developing funding policies/procedures.

1) Regional Homeless Advisory Board meetings - There are five regions in the Pennsylvania Continuum of Care, each represented by a Regional Homeless Advisory Board RHAB. Columbia County is part of Central Valley RHAB. Local organizations are encouraged to participate in these meetings. These meetings serve to keep Continuum of Care members updated on what is going on in the Continuum of Care, solicit input from members on needs within the Continuum of Care, and allow members to connect with one another and share resources.

2) Funding Committee - Each Regional Homeless Advisory Board has two representatives on the Continuum of Care's Funding Committee. Each year the Continuum of Care conducts a gaps analysis, using data from the homeless service system to identify needs and gaps within the Continuum of Care. This analysis includes a review of needs both at the Continuum of Care level, but also at the region and county level. The Continuum of Care Funding Committee uses this analysis to inform funding decisions about the needs of people experiencing homelessness, including chronically homeless, families with children, veterans, and youth. The Funding Committee also leads the process of developing performance evaluation standards. All Continuum of Care funded projects are evaluated based on their performance annually, which informs which projects are renewed for ongoing funding.

3) Data Committee - Any Continuum of Care member can join the Data Committee. The Data Committee is charged with reviewing Continuum of Care level and project level data, developing performance benchmarks, and evaluating outcomes across the Continuum of Care.

Summarize citizen participation process and how it impacted goal setting**

The Borough of Berwick followed its Citizens Participation Plan to develop this FFY 2022 Annual Action including:

- Email and written letter outreaches to local organizations.
- Regular attendance at Columbia County Human Service Coalition meetings.
- Two public hearings at different stages of the application preparation schedule.
- Newspaper advertisements encouraging participation and comment.
- Public display of the draft FFY 2022 Annual Action Plans.

Through the citizen participation process, public input was used to identify what challenges and opportunities exist in Berwick, as well as develop goals to mitigate these issues.

## **Expected Resources**

### **AP-15 Expected Resources – 91.220(c) (1,2)**

#### **Introduction**

The Borough of Berwick will receive \$292,170.00 of FFY 2022 CDBG funds.

The program year goes from October 1, 2022, through September 30, 2023. The accomplishments of these activities will be reported in the FFY 2021 Consolidated Annual Performance and Evaluation Report (CAPER).

**Anticipated Resources**

**Table 3 - Expected Resources – Priority Table**

**Explain how federal funds will leverage those additional resources (private, state, and local funds), including a description of how matching requirements will be satisfied**

In addition to the CDBG entitlement funds, the Borough of Berwick anticipates the following resources may be available to local partners to undertake the strategies identified in the Five-Year Consolidated Plan:

- American Rescue Plan-State Local Fiscal Recovery Funds
- Columbia County Access Grant Program

- Community Development Block Grant – Coronavirus Response
- Community Health Choices
- Emergency Solutions Grant
- First Time Home Buyers Assistance Program
- HOME Program
- Infrastructure Investment and Jobs Act
- Low-Income Housing Tax Credit Program (LIHTC)
- Pennsylvania Assistive Technology Foundation
- Pennsylvania Department of Natural Resources Grant Programs
- Pennsylvania Department of Transportation Multi-Modal Transportation Fund
- Pennsylvania Housing Finance Agency
- Pennsylvania Liquid Fuels Program
- Public Housing Developments
- Section 8 Rental Assistance Program
- Self-Determination Housing Project
- U.S. Department of Agriculture (USDA) Rural Development Single Family Housing Programs
- Weatherization Program

CDBG funds may be considered by the Borough of Berwick as a match source for projects financed with other resources, when a national objective can be met, and match requirements do not preclude use of federal funds.

**If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

Publicly owned property will likely be utilized for any DV-1 Community Facility or DV-2 Infrastructure projects.

**Discussion**

With limited CDBG funds available to address the needs identified in the Five-Year Consolidated Plan, the Borough of Berwick will work cooperatively with private, public, and non-profit partners. The Borough of Berwick anticipates that projects funded in FFY 2022 with CDBG funds will require minimal additional matching funds. The Borough could utilize FFY 2022 CDBG funds to reimburse itself for project cost overruns that occur on FFY 2022 projects, if necessary. Other goals identified in the Five-Year Consolidated Plan and not funded with CDBG funds in FFY 2022, will utilize Local General Funds when necessary.

#### **Describe the reasons for allocation priorities and any obstacles to addressing underserved needs**

The Borough of Berwick has allocated its CDBG funds for FFY 2022 to principally benefit low- and moderate-income persons.

- Infrastructure improvements have been deemed a high funding priority of the Berwick Borough Council because many streets are deteriorated due to years of use and limited general funds to finance street reconstruction projects. These streets have a lack of proper crowning, deteriorated sub-base, inadequate curbing, non-existent curb cuts, and improper drainage. Through ongoing street inspections conducted by the Berwick Borough Public Works Department, discussion by members of the Berwick Borough Council, residents, and an examination by SEDA-COG, it has been determined that the best investment of FFY 2022 CDBG funds would be to move forward with the following activities:
  - North Street Reconstruction
  - 5th Ave and North Arch Street Reconstruction
- North Street is a road that is primarily utilized by residents that live along the proposed project area. As such, the reconstruction of this road would primarily benefit these residents. This road is not heavily utilized by motorists that do not live along the road. Given the boundaries of Census Tract 507, Block Group 1, utilizing this service area for the

proposed project would not be appropriate, given the large size of the block group. An income survey has been conducted of the project area to determine LMI benefit. A 24 LIHTC unit housing complex is within the project area. Please refer to the attached project map. There are 30 families within the service area, with two non-responders and 28 confirming LMI status the estimated percentage of LMI persons in the target area is 93.33%.

- 5th Avenue and North Arch Street is a road that is primarily utilized by residents that live along the proposed project area. As such, the reconstruction of this road would primarily benefit these residents. This road is not heavily utilized by motorists that do not live along the road. Given the boundaries of Census Tract 507, Block Group 1, utilizing this service area for the proposed project would not be appropriate, given the large size of the block group. An income survey has been conducted of the project area to determine LMI benefit. Please refer to the attached project map in the appendix. Of the estimated 62 people living in the service area 32 have LMI status which is 51.61% LMI.
- Removal of slum and blight, on a spot basis, has been a CDBG funding priority of the Berwick Borough Council for years due to the roughly forty vacant, condemned structures throughout the municipal limits. This pervasive blight is detrimental to public safety and health for all borough residents.
- Berwick Borough has taken a very proactive approach toward code enforcement which has included structural demolitions when property owners have been unresponsive to mandated code repairs. The Borough of Berwick's Code Enforcement Supervisor continues to identify blighted structures which are suitable for demolition.
- Berwick Borough will select structures for demolition utilizing CDBG funds based on the borough's demolition policies and procedures. The professional opinion of the Borough of Berwick's Code Enforcement Supervisor, an official condemnation of the structures, accumulation of documentation of the structure's dilapidated state, and the adopted Residential Anti-Displacement and Relocation Assistance Plan are all necessary for the selection of a structure for demolition.

**AP-50 Geographic Distribution – 91.220(f)**

**Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

Generally speaking, CDBG expenditures will be made on a borough wide basis.

Compared to other HUD grantees, Berwick Borough is quite small in size, population, and tax base. The Borough only has two census tracts within its borough limits.

**Geographic Distribution**

Target Area	Percentage of Funds
Borough Wide	100%

**Table 7 - Geographic Distribution**

**Rationale for the priorities for allocating investments geographically**

Selection of projects to be financed with CDBG is orchestrated by the Borough of Berwick’s adopted Citizen Participation Plan. Criteria necessary to have a project financed with CDBG includes but is not exclusively limited to the project’s eligibility as a CDBG activity, financial need, and consistency with the FFY 2021-2025 Five-Year Consolidated Plan. Service area of a project is also of great importance, particularly given that at least 70% of CDBG project funds must be expended on low to moderate income benefit activities. The Borough of Berwick has traditionally funded most of its activities based on low to moderate income area benefit. Depending on the service area of a proposed activity, a local income survey effort may be necessary to demonstrate low to moderate income benefit. Otherwise, the following geographic areas are considered predominately low to moderate income based on 2011-2015 ACS data:

- Borough-Wide LMI: 55.2%
- Census Tract, 506 Block Group 2: 74.27%
- Census Tract, 506 Block Group 4: 62.15%
- Census Tract, 506 Block Group 5: 62.92%
- Census Tract, 506 Block Group 4: 70.26%
- Census Tract, 507 Block Group 1: 61.54%
- Census Tract, 507 Block Group 4: 53.95%

## **Discussion**

The geographic locations for the FFY 2022 CDBG activities are as follows:

- Removal of Blighted Structures – Berwick Phase III: Borough-wide (SBS)
- North Street Reconstruction (LMA)
- 5<sup>th</sup> Avenue and North Arch Street Reconstruction (LMA)
- Administration – Borough-wide

#### Discussion

The Borough of Berwick uses HOME funds it receives from the Commonwealth of Pennsylvania to do affordable housing projects. The Borough of Berwick rehabilitated 2 housing units between October 1, 2021, and September 30, 2022. The Borough of Berwick is anticipated to rehabilitate 5 housing units between October 1, 2022, and September 30, 2023.

## **AP-60 Public Housing – 91.220(h)**

### **Introduction**

The Columbia County Housing Authority's Admission and Continued Occupancy Policy requires their agency to regularly monitor each of their units in an effort to maintain safe, satisfactory living conditions for its public housing tenants.

In order to provide superior service, the Columbia County Housing Authority resolves to:

- Administer applicable Federal and state laws and regulations to achieve high ratings in compliance measurement indicators, while maintaining efficiency in program operation to ensure fair and consistent treatment of clients served.
- Provide decent, safe, and sanitary housing, in good repair – in compliance with program uniform physical condition standards – for very low- and low-income families.
- Achieve a healthy mix of incomes in its public housing developments by attracting and retaining higher income families, and by working toward deconcentration of poverty goals.
- Encourage self-sufficiency of participant families and assist in the expansion of family opportunities which address educational, socio-economic, recreational, and other human service's needs.
- Promote fair housing and the opportunity for very low- and low-income families of all races, ethnicities, national origins, religions, ethnic backgrounds, and with all types of disabilities, to participate in the public housing program and its services.
- Create positive public awareness and expand the level of family and community support in accomplishing the PHA's mission.
- Attain and maintain a high level of standards and professionalism in day-to-day management of all program components. Administer an efficient, high-performing agency through continuous improvement of the CCHA's support systems and commitment to employees and their development.
- CCHA will make every effort to keep residents informed of program rules and regulations, and to advise participants of how the program rules affect them.

**Actions planned during the next year to address the needs to public housing**

Based on consultation with Lori Gordner, Executive Director of the Columbia County Housing & Redevelopment Authorities, employees are currently reviewing HUD regulations to determine what public housing needs the authorities need to prioritize in the near future.

**Actions to encourage public housing residents to become more involved in management and participate in homeownership**

Due to the ongoing COVID-19 pandemic, there has been no concerted effort to encourage public housing residents become more involved in management. The Columbia County Housing Authority does not administer a Public Housing Homeownership Program or a Section 8 Housing Choice Voucher Homeownership Program. These are voluntary programs that public housing authorities can choose to establish by notifying HUD and the public in the Annual Agency Plan and by creating administrative guidelines that meet HUD requirements. HUD approval of these local option programs does not increase funding to the public housing authority.

**If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

Not applicable.

## **AP-65 Homeless and Other Special Needs Activities – 91.220(i)**

### **Introduction**

The Borough of Berwick is part of the Eastern Pennsylvania Continuum of Care and the Central Valley Regional Homeless Advisory Board which includes 11 counties. Most people experiencing homelessness are sheltered and are not considered to be homeless based on the HUD definition. There is a perception that homelessness does not exist in the Borough of Berwick and further if a person is homeless, it is their own fault due to drugs, alcohol, etc. As noted by the National Low- Income Housing Coalition Executive Director Sheila Crowley in the Daily Item, “rural homelessness is undercounted...Rural people could be living in a car, living in a trailer, in hunting shacks.” People experiencing homelessness in rural communities also have the challenge of being distanced from services.

Nearly one in five households in the Borough of Berwick is ‘doubled up’ with multiple families or unrelated individuals living in the home.

- Census Tract 506 18.5%
- Census Tract 507 19.7%
- Bloomsburg-Berwick MSA 12.5%
- Pennsylvania 10.2%
- United States 11.1%

### **Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including**

Based on the recommendations of the FFY 2020 - 2024 Analysis of Impediments Fair Housing Study, the Borough of Berwick will assess the need for additional emergency or transitional shelter, rapid rehousing, and homelessness prevention services in the borough. Key partners to this effort included the Continuum of Care, Community Strategies Group, SEDA-Council of Governments, and the Borough of Berwick.

## **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The Borough of Berwick's Citizen Participation Plan encourages consultation with local homelessness organizations during the development of various CDBG planning efforts. These organizations include:

- Beyond Violence, Inc.
  - Provides shelter for women and children that are victims of domestic violence.
    - Located in the Borough of Berwick.
  
- Columbia/Montour Transitional Housing and Care Center
  - Provides emergency shelter and transitional housing.
  - Located at the Gatehouse facility in the Borough of Danville.
    - This is a nine-mile drive between Bloomsburg and Danville and a twenty-two-mile drive from Berwick to Danville.
  
- Eastern Pennsylvania Continuum of Care
  - HUD program designed to promote regionwide commitment to the goal of ending homelessness.
  
- The Women's Center, Inc.
  - Provides shelter for women and children that are victims of domestic violence.
  - Located in the Town of Bloomsburg.

## **Addressing the emergency shelter and transitional housing needs of homeless persons**

The Borough of Berwick's FFY 2020 - 2024 Analysis of Impediments Fair Housing Study provides the following strategies to address this housing need:

- Assess the need to provide additional emergency or transitional shelter, rapid rehousing, and homelessness prevention services in the Borough and the region.
  - Key Partners: Continuum of Care, Community Strategies Group, SEDA-Council of Governments, The Borough of Berwick
  
- Submit a regional competitive ESG (Emergency Solutions Grant) application to DCED to fund the needs and solutions identified in the assessment.
  - Key Partners: Continuum of Care, SEDA-Council of Governments

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

The Borough of Berwick supports the efforts of local partner agencies to address the need for rapid rehousing.

CCHA's Homelessness Prevention and Rapid Re-Housing Program's aim is to provide financial assistance and services to minimize and prevent individuals and families from becoming homeless.

Beyond Violence in Berwick and the Women's Center of Columbia/Montour Counties in Bloomsburg both have counseling and programs to assist their clients with finding more permanent housing opportunities. The Women's Center of Columbia/Montour Counties holds

focus groups on this topic and other related topics such as healthcare, budgeting, and parenting. The Gatehouse also lists “securing affordable housing” as one of their shelter’s tenant goals for their residents.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

A variety of programs are established in Columbia County to help low-income individuals and families avoid becoming homeless. The Columbia County United Way and Berwick United Way, the Columbia County Family Center, Beyond Violence, and the Women’s Center of Columbia/Montour Counties offer some form of budgeting or financial literacy class. The goals of these classes are for clients to learn how to earn money, manage it, and potentially invest it, and/or donate it to organizations or causes to help others. Successful money management is a critical skill for clients to develop in order to find and maintain housing which is affordable to their budget.

Numerous programs are also available for individuals and families recently discharged from a publicly funded institution or system of care. CMSU has established a Mental Health/Substance Abuse Housing Plan as required by the Pennsylvania Department of Public Welfare’s Office of Mental Health and Substance Abuse Services (OMHSAS). This plan describes the status of and any modification to the county’s efforts to enable adults and transition age individuals with serious mental illness to live, work, learn, and participate fully in their communities.

The county also has an established reentry program known as the Justice House program for prisoners who have been released back into the community. For individuals about to be released from a medical institution, hospitals must have written discharge policies that include evaluation of a patient’s capacity for self-care and possibility of being cared for in “the environment from which he/she entered the hospital.” The actual discharge varies with the individual being discharged, their primary and behavioral health needs, and resources and supports available. While planners try to send individuals home or to family, sometimes they to a nursing home, rehab hospital or as last resort, non-HUD funded shelter.

## **AP-75 Barriers to affordable housing – 91.220(j)**

### **Introduction:**

The Borough of Berwick’s FFY 2020 - 2024 Analysis of Impediments Fair Housing Study provides the following narrative concerning local public policies negatively impact affordable housing:

Most of the Borough is zoned R-1 and R-2 which only permits single- and two-family dwelling units. The few places that allow multifamily dwelling and townhouses are smaller areas and concentrated; however, they are scattered throughout the Borough.

There is vacant land in the northwest corner of the Borough. It is mostly zoned R-1, Low Density Residential District, but there are some R-2, Medium Density Residential and R-3, High Density Residential sections. Berwick could consider re-zoning the undeveloped R-1 land to R-3 to allow for a greater variety of housing options including single-family, two-family, multifamily and townhouse dwellings.

The dimensions for lot area, lot width, front yard setback, rear yard setback, side yard setback, max lot coverage and building height are not overly burdensome in any zoning district. In the zoning ordinance, mobile homes are defined as single family dwelling units, and therefore can be located anywhere single-family dwelling units are permitted. This allows for a low-income housing option in residential zoning districts.

The Borough’s zoning ordinance defines a family as “one or more person related by blood, marriage or legal adoption or a group not in excess of four (4) persons occupying a dwelling unit and living together as a single nonprofit housekeeping unit. Foster children placed into the care and custody of a family shall be deemed to be a member of the family.” This definition limits the definition of family to related individuals, foster children, or to residents of a group home with up to four people. The definition of family should be revised to make it clear that unrelated individuals are permitted to share the same home.

The zoning ordinance has a “group care facility” type. A group residence is defined as “a dwelling unit which is shared under congregate living arrangements by more than four persons, who are residents of the dwelling unit by virtue of their need to receive supervised services limited to health, social and/or rehabilitative services...” Group care facilities are permitted by

special exception in the R-2 and R-3 zoning districts only. Group care facilities should be permitted by right in any single-family dwelling unit, per the Fair Housing Act.

The definition of disruptive conduct does not exclude victims of domestic violence. While this is not required by law, such a definition may discourage victims from seeking assistance when they are in danger. Currently, the Landlord Registration Ordinance states that a license can be revoked after two violations involving the same occupant. This is inordinately restrictive as most municipalities base this on three violations. The Town of Bloomsburg is planning to pass an Anti-Discrimination Ordinance that expands fair housing protection to additional groups. The Borough should consider doing this as well.

The Borough of Berwick has continued to increase its code enforcement budget to help decrease blight in the Borough, and to implement change in the preliminary stages of blight. This allows for a larger housing stock, which allows more affordable and accessible options within the Borough.

**Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

Below are recommendations from Berwick Borough's 2020-2024 Analysis of Impediments consultant, Hailstone Economic, to create opportunities for new units of affordable housing and new units of accessible housing. Immediately following these recommendations in the discussion section are Berwick Borough's planned actions.

1. Rezone the undeveloped Bower parcel in northwest corner of the Borough, PIN: 04D01 00100, to R-3. Currently zoned a mix of R-1, R-2, and R-3.
  - This will allow for more density and more housing types.
2. Change the definition of family in the zoning ordinance.
  - Currently, the definition of family in the zoning ordinance does not permit

unrelated individuals from residing in the same home.

3. R-2 Zoning District: Permit one- and two-story multifamily dwellings.
  - Currently multifamily dwellings are a conditional use if they equal or exceed three stories.
  
4. Permit dwelling units on the 2nd floor and above a mixed-use structure (for both existing and new construction) in the C-1, C-2, and C-3 zoning districts.
  - Do not require the owner of the business to occupy the dwelling unit(s).
  
5. Permit accessory attached and detached dwelling units (ADUs) in the R-1, R-2, and R-3 zoning districts.
  - Accessory dwelling units are secondary units within, attached to, or in the rear of a single-family home.
  - Regulations could prescribe the following:
    - i. Total number of ADUs permitted per lot
    - ii. Total number of residents permitted in the ADU
    - iii. Determine if ADU residents must be elderly/family members
    - iv. Owner-occupancy requirements
    - v. Parking requirements
    - vi. Min/max ADU size
    - vii. Max lot coverage
    - viii. Min lot area

6. Create an I-1 overlay district in the I-1 zoning district south of Rt 11, near the river, and permit multifamily dwellings, townhouses, and conversion apartments.
  - Currently no housing types are permitted.
  - Consider a density bonus policy that promotes a certain percentage of units to be affordable and accessible.
  
7. Change the definition of disruptive conduct so that it excludes victims of domestic violence.
  - As it currently stands such a definition may discourage victims from seeking assistance.
  
8. Change the Landlord Registration Ordinance so that a license can be revoked after three violations involving the same occupant.
  - The current ordinance is inordinately restrictive as most municipalities base this on three violations.
  
9. Pass and enforce an Anti-Discrimination Ordinance.
  - No current Ordinance exists to extend fair housing and employment rights to groups not currently protected by the law.

**Discussion:**

Below is the recommendation from Berwick Borough's 2020-2024 Analysis of Impediments consultant, Hailstone Economic, discussion section.

1. The borough council and staff are still in support a R-3 Zoning District change for the northwestern portion of Berwick Borough. This recommendation will be pursued further. Attracting a developer to the area will ultimately prove to be a greater challenge.
  
2. The borough staff is in support of the definition change. The recommendation will be pursued further.

3. According to the Borough Manager, Damien Scoblink, one and two-story multifamily dwellings are already permitted in the R-2 Zoning District. Because of this, it is unlikely council will go through with this recommendation
4. Action has been taken to allow dwelling units on the second floor and above for mixed-use structures (for both existing and new construction) in the C-1, C-2, and C-3 Zoning Districts.
5. Council and borough staff have explored this; however it is unlikely that this proposal to permit accessory attached and detached dwelling units (ADUs) in the R-1, R-2, and R-3 Zoning Districts will get local political traction and would likely be a significant undertaking to overhaul the existing regulations.
6. Creating an I-1 Overlay District in the I-1 Zoning District does not make sense given how built out these existing industrial areas are.
7. The borough council is in favor of a definition change. The recommendation will be pursued further.
8. The borough council and manger are unlikely to pursue a change, as they feel the current ordinance serves the intended purpose.
9. It is unlikely that this ordinance will gain political traction.

## **AP-85 Other Actions – 91.220(k)**

### **Introduction:**

The Borough of Berwick has developed the following actions which address the obstacles of meeting underserved needs, foster affordable housing, reduce lead-based paint hazards, reduce the number of families living in poverty, develop institutional structures, and enhances coordination between public and private housing, and social service agencies.

### **Actions planned to address obstacles to meeting underserved needs**

Despite efforts made by the Borough of Berwick and social service providers, a number of significant obstacles remain to meet underserved needs. With funding resources being scarce, funding becomes the greatest obstacle for the Borough of Berwick to meet its underserved needs. Insufficient funding lessens the ability to fund many worthwhile public service programs, activities, and agencies. The Borough of Berwick, through its planning efforts, will use its limited resources to address its greatest needs and improve the quality of life for its residents. The following obstacles need to be overcome in order to meet underserved needs:

- Lack of decent, safe, sound, and affordable owner and renter housing
- High cost of rehabilitation work
- Aging-in-place population who need accessibility improvements
- The need for rehabilitation of the Borough of Berwick’s aging housing stock
- Vacant and abandoned properties
- The unemployment rate and loss of household income, particularly as a result of the COVID-19 pandemic
- Low wages in the service and retail sector job market

### **Actions planned to foster and maintain affordable housing**

#### **Housing Priority - (High Priority)**

There is a need to improve the quality of the housing stock in the Borough of Berwick, and to

increase the supply of affordable, decent, safe, sound, and accessible housing for homeowners, renters, and homebuyers.

- **HS-1: Fair Housing** – Support education, enforcement/reporting, and/or evaluation/study of Fair Housing rights and other housing related topics relevant to the public.
- **HS-2: Housing Stock** - Support efforts to create new units of affordable and/or accessible housing as well as maintain and improve the quality of older homes, including elimination of slum and blighting conditions.

**Assignment of Priority Discussion:**

**High Priority** - Activities are assigned a high priority if the Borough of Berwick will likely utilize CDBG funds to finance activities during the Five-Year Consolidated Plan period.

**Low Priority** - Activities are assigned a low priority if the activity may not be funded by the Borough of Berwick during the Five-Year Consolidated Plan period. The Borough of Berwick may support applications for other funding if those activities are consistent with the needs identified in the Five-Year Consolidated Plan.

**Actions planned to reduce lead-based paint hazards**

For the CDBG and HOME Program rehab programs, all contracts entered after January 10, 2002, must comply with the Lead Based Paint Regulations dated September 15, 1999, for housing rehabilitation. These regulations include the requirement that all work performed on lead-containing surfaces must conform to lead-safe practices and be completed by workers who are either supervised by an EPA-certified abatement supervisor, or workers trained in lead-safe work practices. If abatement options are specified in the work writeup, then the contractor must hire an EPA-certified and state licensed abatement contractor and submit proof of the current state license.

Rehab where the costs range from \$1,000 to \$4,999:

- Provisions of the Protect Your Family From Lead in Your Home Pamphlet found at

[www.epa.gov/lead](http://www.epa.gov/lead)

- Paint testing
- Repair surfaces disturbed during rehabilitation
- Use lead safe work practices
- Clearance of the work site

Rehab where the costs range from \$5,000 to \$24,999:

- Provisions of the Protect Your Family From Lead in Your Home Pamphlet found at [www.epa.gov/lead](http://www.epa.gov/lead)
- Paint testing and risk assessment
- Interim controls
- Use lead safe work practices
- Clearance of the unit

Rehab where the work exceeds \$25,000:

- Provisions of the Protect Your Family From Lead in Your Home Pamphlet found at [www.epa.gov/lead](http://www.epa.gov/lead)
- Paint testing and risk assessment
- Abatement (interim controls on exterior surfaces not disturbed by rehab)
- Use lead safe work practices
- Clearance of the unit

Any housing rehabilitation projects undertaken by the Borough of Berwick, utilize DCED's Housing Rehabilitation Guidebook dated November 2020. This guidebook was specifically created for projects financed with CDBG and/or HOME funds. The actions listed above were

obtained from this literature.

### **Actions planned to reduce the number of poverty-level families**

Given the economic downturn associated with COVID-19, preserving local jobs and businesses has been as important as ever for the Borough of Berwick so that the increase in poverty level families is minimized. In an effort to encourage a local economic recovery, economic empowerment of the Borough of Berwick's residents also needs to occur. These efforts need to include but are not limited to new employment opportunities, employee education and job training, and business technical assistance efforts.

The resources and opportunities that the Borough of Berwick has for minimizing the number of families with incomes below the poverty line are limited. Since poverty is a function of income, its effect on housing opportunity and choice is apparent. Conversely, without adequate, stable housing, alleviating poverty is more difficult. Still, the means of addressing both issues are fragmented.

Several structural barriers to poverty are addressed through different local policies. For example, the Borough of Berwick has adopted a Section 3 Action Plan which requires the employment of Section 3 households in construction contracts when possible. Admittedly, contractors often already have the workforce necessary to complete a construction project though.

More direct efforts to alleviate poverty by combining case management, social services, job training, and housing assistance are more common through collaboration with the Columbia County Human Service Coalition. The Columbia Montour Chamber of Commerce also has developed relevant programming to include:

1. Facilitation of regular discussions between employers and educators to improve the teaching of real workplace skills; and
2. Foundational skills for unemployed and underemployed individuals with the potential expansion to include people on parole and/or leaving prison; and
3. A partnership with Bloomsburg University to develop team leadership and basic

management skills in existing employees.

The goals of the FFY 2021-2025 Consolidated Plan concerning economic development include:

**Community and Economic Development Priority - (High Priority)**

There is a need to improve the public and community facilities, infrastructure, employment, and the quality of life in the Borough of Berwick.

- **DV-1 Community Facilities** - Improve the parks, recreational centers, trails, bikeways, and public and community facilities through rehabilitation, new construction, and handicap accessibility improvements.
- **DV-2 Infrastructure** - Improve infrastructure through rehabilitation, reconstruction, and new construction of streets, sidewalks, ADA curb cut ramps, sewer, water, storm water management, flood protection, bridges, green infrastructure, etc.
- **DV-3 Employment** - Support and encourage job creation, job retention, and job training opportunities as well as entrepreneurship and small business development.

**Assignment of Priority Discussion:**

**High Priority** - Activities are assigned a high priority if the Borough of Berwick will likely utilize CDBG funds to finance activities during the Five-Year Consolidated Plan period.

**Low Priority** - Activities are assigned a low priority if the activity may not be funded by the Borough of Berwick during the Five-Year Consolidated Plan period. The Borough of Berwick may support applications for other funding if those activities are consistent with the needs identified in the Five-Year Consolidated Plan.

**Actions planned to develop institutional structure**

The Borough of Berwick and SEDA-COG will coordinate activities amongst public and private agencies, and other organizations that serve the borough. Due to the relatively small

population of the Borough of Berwick, many public and private agencies provide services on either a county or multi-county level. As a result of this administrative structure, the efforts to implement the strategies produced from this Five-Year Consolidated Plan will require greater cooperation across Columbia County.

In order to streamline efforts and promote greater local cooperation, the Borough of Berwick will continue to collaborate with the Columbia County Human Service Coalition. This will facilitate and coordinate the linkages between these public/private partnerships, develop new partnership opportunities, and ensure that the goals and objectives of the Five-Year Consolidated Plan will be addressed by more than one agency.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

Establishment of a public transportation system is the greatest improvement that can occur to facilitate coordination between public and private housing and social service agencies.

At a planning level, the SEDA-COG MPO (Clinton, Columbia, Juniata, Mifflin, Montour, Northumberland, Snyder, Union counties from our service area) develops and approves a Coordinated Public Transit-Human Services Transportation Plan. This 2019 Plan covers a variety of goals, objectives, trends, and projects. It ensures that area transit operators can apply for and be eligible for funding programs

As of 2019, the Greater Susquehanna Valley United Way, the United Way of Columbia and Montour County, the Greater Susquehanna Valley Chamber of Commerce, Transitions PA, River Valley Transit, rabbittransit, Bucknell University, and SEDA-COG have continued efforts to get a \$300,000 fixed route pilot program funded by the Pennsylvania Department of Transportation. This fixed routed piolet program would cover much of the Route 11 and Route 15 corridor throughout the Susquehanna Valley.

Unfortunately, this effort has run into a funding challenge as a result of the COVID-19 pandemic. Per consultation correspondence with Steve Herman of SEDA-COG's Transportation Department the Route 11 fixed route transit effort has been tabled for a multitude of factors (financial, political, restructuring by the primary interested transit operator, etc.). There's still interest among stakeholders in pursuing it, but there are no imminent detailed studies or pilot service.

The rabbittransit designated stop service is still available but has not gotten much traction. They have initiated a more convenient and successful microtransit Stop Hopper service that

currently covers three zones, including a Danville to Bloomsburg zone. You can find more info about this Stop Hopper service here:

<https://www.rabbittransit.org/schedules/microtransit-stophopper/>

Bette Gray and Grey Medical Advocate, LLC was working on having Enterprise set up vanpools to help low-income individuals and others receive affordable and reliable transportation.

**Discussion:**

The Borough of Berwick will continue to observe the community and economic development challenges and opportunities that the residents of the community face. Although the Five-Year Consolidated Plan study effort has been completed, the baseline goals established toward improving the housing and community and economic development needs of the Borough of Berwick will be modified, as necessary.

Otherwise, this current Consolidated Plan will continue to serve as a guide for allocating CDBG funds over the next five years and to provide direction to stakeholder organizations to address the housing and community and economic development needs.

**Program Specific Requirements**

**AP-90 Program Specific Requirements – 91.220(l) (1,2,4)**

**Introduction:**

The Borough of Berwick receives an annual allocation of CDBG funds. Since the Borough of Berwick receives this Federal allocation, the questions below have been completed, as they are applicable. The Borough of Berwick will use 82.95% of FFY 2022 CDBG funds toward the benefit of low- and moderate-income individuals.

**Community Development Block Grant Program (CDBG)**

**Reference 24 CFR 91.220(l)(1)**

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	\$0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan	\$0
3. The amount of surplus funds from urban renewal settlements	\$0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	\$0
5. The amount of income from float-funded activities	\$0
<b>Total Program Income</b>	<b>\$0</b>

**Other CDBG Requirements**

1. The amount of urgent need activities	\$0
2. The estimated percentage of CDBG funds that will be used for activities that benefit person of low and moderate income. Overall Benefit -A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	82.95%

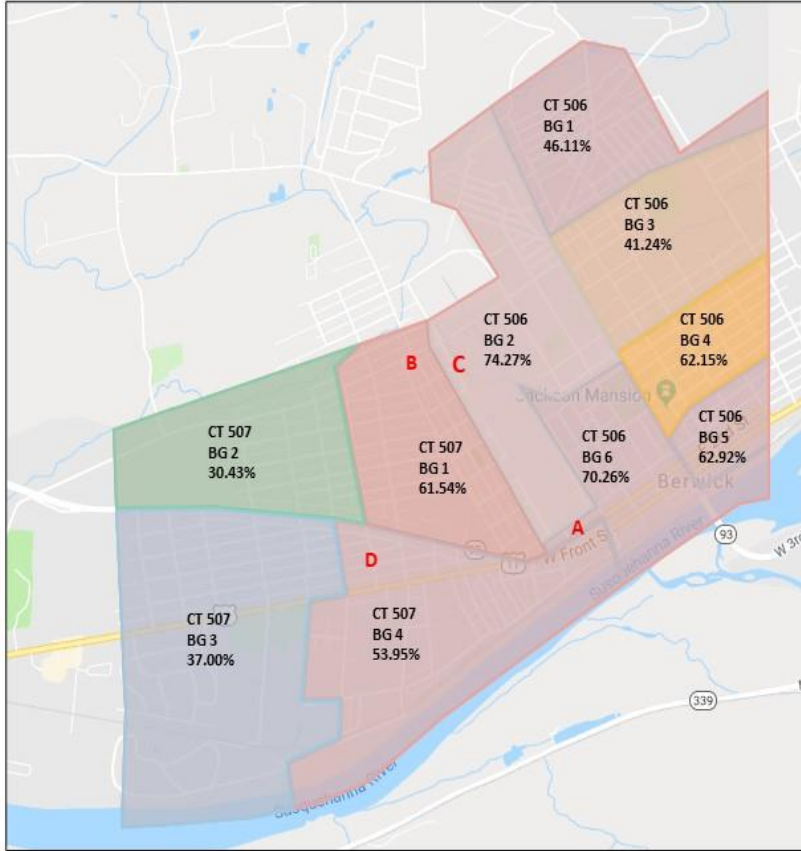

**Discussion:**

The Borough of Berwick is allocating 82.95% of the FFY 2022 annual allocation minus administration to LMI activities. The Borough of Berwick wishes to be evaluated over a three-year period (FFY 2022-2024) to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income.
