**SOIL COMPOSITION IN GENERAL AREA OF SUBJECT PROPERTY:**

Agency source: Soil Conservation Service, US Department of Agriculture

**SOIL MAP ID 1**

**SSURGO**

USDA Soil Name	Urban land,Miscellaneous area
USDA Soil Texture	Not Reported
Hydrologic Soil Group	Not Reported
Soil Drainage Class	Not Reported
Hydric Classification	2
Corrosion Potential - Uncoated Steel	Not Reported

**SOIL MAP ID 2**

**SSURGO**

USDA Soil Name	Alvira,Series
USDA Soil Texture	Silt loam
Hydrologic Soil Group	D
Soil Drainage Class	Somewhat poorly drained
Hydric Classification	2
Corrosion Potential - Uncoated Steel	High

Layer	Depth (inches)	Soil Texture	AASHTO Group	Unified Soil Description	Saturated Hydraulic Conductivity micro m/sec	Soil Reaction pH
1	0-23	Silt loam	No data	No data	4.23-14.11	3.6-5.5
2	23-53	Silt loam	No data	No data	4.23-14.11	3.6-5.5
3	53-152	Silt loam	Silt-Clay materials (more than 35% passing NO. 200), silty soils. Reference: This is a classification of soil material for highway and airfield construction (Procedure M 145-73 in Am. Assoc. of State Highway and Transportation Officials, 1984.	FINE-GRAINED SOILS, Silts and clays (liquid limit is less than 50%), Lean Clay. Reference: This is a classification of soil material designed for general construction purposes. It is dependent on the particle size distribution of the <75 mm, the liquid limit, and the plasticity index and on whether the soil material is high in organic matter (ASTM test D 2487, in ASTM, 1984).	0.42-1.41	3.6-5.5

**SOIL MAP ID 3**

**SSURGO**

USDA Soil Name	Laidig, Series
USDA Soil Texture	Loam
Hydrologic Soil Group	B
Soil Drainage Class	Well drained
Hydric Classification	0
Corrosion Potential - Uncoated Steel	High

Layer	Depth (inches)	Soil Texture	AASHTO Group	Unified Soil Description	Saturated Hydraulic Conductivity micro m/sec	Soil Reaction pH
1	0-20	Loam	Silt-Clay materials (more than 35% passing NO. 200), silty soils. Reference: This is a classification of soil material for highway and airfield construction (Procedure M 145-73 in Am. ## HYDROLOGIC UNIT

Hydrologic Unit Maps

USGS

The United States Geological Survey created a hierarchical system of hydrologic units originally called regions, sub-regions, accounting units, and cataloging units. Each unit was assigned a unique Hydrologic Unit Code (HUC). As first implemented the system had 21 regions, 221 subregions, 378 accounting units, and 2,264 cataloging units. Over time the system was changed and expanded. As of 2010 there are six levels in the hierarchy, represented by hydrologic unit codes from 2 to 12 digits long, called regions, subregions, basins, subbasins, watersheds, and subwatersheds. The table below describes the system's hydrologic unit levels and their characteristics, along with example names and codes.

Parcel ID: 53-00200206

Dear Mr. Cappelli:

Keystone Consulting Engineers, Inc. (KCE) is currently conducting a Phase I Environmental Site Assessment for the property. The ASTM Practice E1527-21 Standard Practice of Environmental Site Assessments requires that a records search be conducted with local regulatory departments for information regarding the subject property. Of particular interest are the following items:

- Records regarding hazardous materials usage/storage/incidents or known environmental concerns/contamination which may have affected the property,
- Records regarding aboveground or underground storage tank (UST) systems, which are currently or historically located at the property.

Please call (610-865-4555) or email ([dcrowther@kceinc.com](mailto:dcrowther@kceinc.com)) me to discuss the file information or if you require further information. Thank you for your time and attention regarding this matter.

Sincerely,

**KEYSTONE CONSULTING ENGINEERS, INC.**

# City Directory Report

EnviroSite's Standard City Directory Report is a screening tool designed to assist in historical use determination of a subject property and adjacent properties. It includes a search of Property Archives digital datasets and national book collections including the Library of Congress and/or the Allen County Public Library at five year intervals or the closest available intervals.

## **RESEARCH SUMMARY:**

The following research sources were consulted in the preparation of this report:

<b><u>SOURCE:</u></b>	<b><u>YEAR:</u></b>
Property Archives	2020, 2015, 2011, 2006, 2001, 1998, 1993
Williamsport City Directory	1989, 1984, 1979, 1974, 1969, 1963

Property Archives is a proprietary and comprehensive dataset of over 1.5 billion commercial, industrial and residential records, business names and uses and occupant records for every city and town in the United States, from recent years to the early 1990s. Property Archives dataset is wholly owned and operated by Property Archives, LLC

This report was prepared by Property Archives, LLC for EnviroSite Corporation

**Property Archives**

## **SUBJECT PROPERTY:**

420 Clark St , Williamsport, PA 17702

## **ADJOINING PROPERTIES:**

390-450 Clark St, Williamsport, PA 17702

Historical  
Information  
Gatherers

This Research Summary identifies the products and services provided by Historical Information Gatherers, Inc. (HIG) for the above referenced site location. All products are provided as PDFs unless otherwise noted.

## FIM+ Maps

The HIG Historical Map Collection and the United States Library of Congress Map Collection were searched for fire insurance maps (FIMs), real estate atlases and similar maps for the site location and adjoining properties. These maps were used to create a multi-page file named FIM+Maps. The maps have title blocks that include the map publisher, year the map was created and, if applicable, the year the map was last updated. The years provided are:

*1912, 1950, 1958, 1965, 1966*

## Disclaimer & Limitation of Liability

This Research Summary and the related documents and images provided by Historical Information Gatherers (hereafter referred to as the "Site Specific HIG Data") contain information obtained from a variety of public and private sources. Additional information for the site and surrounding properties may exist. Accordingly, there can be no guaranty or warranty that the information provided is complete for its particular intended purpose. No warranty expressed or implied, is made whatsoever in connection with the Site Specific HIG Data. Historical Information Gatherers specifically disclaims the making of any such warranties, including without limitation, merchantability or fitness for a particular purpose. Historical Information Gatherers, its officers, employees and independent contractors cannot be held liable to anyone for any loss or damage, whether arising out of errors or omissions, negligence, accident or any other cause, resulting directly or indirectly from any information provided or any information not provided in the Site Specific HIG Data. Any liability on the part of Historical Information Gatherers is strictly limited to a refund equal to the amount paid for the Site Specific HIG Data.

## HIG Copyright Notice

This Research Summary and the selection, arrangement and compilation of Site Specific HIG Data are the property of Historical Information Gatherers. © Copyright 2024 by Historical Information Gatherers, Inc. All rights reserved. The person or entity that ordered and paid for the Site Specific HIG Data is granted a personal, non-assignable, limited license to reproduce the Site Specific HIG Data solely for purposes of providing supporting documentation for reports produced for the site location which is noted on page one of this Research Summary. Any other reproduction or other use of the Site Specific HIG Data in any media or format, in whole or in part, is expressly prohibited without prior written permission from Historical Information Gatherers, and the person or entity that ordered and paid for the Site Specific HIG Data assumes all liability for the making of any such reproductions.

## Licensing Agreement

The licensing agreement between Historical Information Gatherers and infoGroup provides that Historical Information Gatherers may create photocopies or reproductions of portions of Polk City Directories, Hill-Donnelley Criss-Cross Directories and other directories under infoGroup copyright. The licensing agreement also permits the person or entity that ordered and paid for the Site Specific HIG Data to include photocopies or reproductions of portions of Polk City Directories, Hill-Donnelley Criss-Cross Directories and other directories under infoGroup copyright as supporting documents for reports produced for the site which is the subject of the Site Specific HIG Data.

**Relevant Documents?**

Please provide KCE copies of prior Phase I or II ESAs, Environmental Reports, Environmental Permits or Audit documents, Underground Storage Tank documents, Geotechnical Investigations, Site Surveys, Diagrams or Maps, or other relevant reports or documents.

In order to qualify for one of the Landowner Liability Protections (LLPs) offered by the Small Business Relief and Brownfields Revitalization Act of 2001, the user must respond to the following questions. Failure to provide this information to the environmental professional may result in significant data gaps, which may limit our ability to identify recognized environmental conditions resulting in a determination that "all appropriate inquiry" is not complete. This form represents a type of interview and as such, the user has an obligation to answer all questions in good faith, to the extent of their actual knowledge.

**1) Environmental liens that are filed or recorded against the subject property (40 C.F.R. § 312.25).**

Did a search of land title records (or judicial records where appropriate) identify any environmental liens filed or recorded against the subject property under federal, tribal, state, or local law? If yes, please provide a copy to KCE.

**2) Activity and use limitations that are in place on the subject property or that have been filed or recorded against the subject property.**

Did a search of land title records (or judicial records where appropriate) identify any AULs, such as engineering controls, land use restrictions or institutional controls that are in place at the subject property and/or have been filed or recorded against the subject property under federal, tribal, state or local law? If yes, please provide a copy to KCE.

**3) Specialized knowledge or experience of the person seeking to qualify for the LLP (40 C.F.R. § 312.28).**

Do you have any specialized knowledge or experience related to the subject property or nearby properties? For example, are you involved in the same line of business as the current or former occupants of the subject property or an adjoining property so that you would have specialized knowledge of the chemicals and processes used by this type of business?

**4) Relationship of the purchase price to the fair market value of the subject property if it were not contaminated (40 C.F.R. § 312.29).**

Does the purchase price being paid for this subject property reasonably reflect the fair market value of the property? If you conclude that there is a difference, have you considered whether the lower purchase price is because contamination is known or believed to be present at the subject property?

**5) Commonly known or reasonably ascertainable information about the subject property (40 C.F.R. § 312.30).**

Are you aware of commonly known or reasonably ascertainable information about the subject property that would help the environmental professional to identify conditions indicative of releases or threatened releases? For example,

(a.) Do you know the past uses of the subject property?

(b.) Do you know of specific chemicals that are present or once were present at the subject property?

(c.) Do you know of spills or other chemical releases that have taken place at the subject property?

(d.) Do you know of any environmental cleanups that have taken place at the subject property?

**6) The degree of obviousness of the presence or likely presence of contamination at the subject property, and the ability to detect the contamination by appropriate investigation (40 C.F.R. § 312.31).**

Based on your knowledge and experience related to the subject property, are there any obvious indicators that point to the presence or likely presence of releases at the subject property?

**In addition, certain information should be collected, if available, and provided to the environmental professional conducting the Phase I Environmental Site Assessment. This information is intended to assist the environmental professional, but is not necessarily required to qualify for one of the LLPs. The information includes:**

- 7) The type of property and type of property transaction, for example, sale, purchase, exchange, refinance, etc.
- 8) The complete and correct address for the subject property (a map or other documentation showing subject property location and boundaries is helpful).
- 9) The current use of property.
- 10) Date of completion or original construction and substantial renovations.

11) Name(s) of previous owners/occupants at the site and their operations/uses of the property.

12) What is the surrounding land use? Please provide a list of all facilities neighboring the site. Are you aware of any environmental incidents on the neighboring properties?

13) How is the facility heated? (oil, gas, electric, other)

14) List any aboveground or underground gasoline, diesel, fuel oil, chemical or other storage tanks that are currently, and those known to have been, on the property. If applicable, please identify their locations on the site map and describe substances stored, capacity, dimensions, and age of tank(s) (if available).

DRAFT

**Habitat for Humanity Acquisition Phase III  
South Williamsport Borough, Lycoming County**

**Explosive and Flammable Hazards (CEST and EA)**

General requirements	Legislation	Regulation
HUD-assisted projects must meet Acceptable Separation Distance (ASD) requirements to protect them from explosive and flammable hazards.	N/A	24 CFR Part 51 Subpart C
<b>Reference</b>		
<a href="https://www.hudexchange.info/environmental-review/explosive-and-flammable-facilities">https://www.hudexchange.info/environmental-review/explosive-and-flammable-facilities</a>		

1. Does the proposed HUD-assisted project include a hazardous facility (a facility that mainly stores, handles or processes flammable or combustible chemicals such as bulk fuel storage facilities and refineries)?

No

→ Continue to Question 2.

Yes

**Explain:**

→ Continue to Question 5.

2. Does this project include any of the following activities: development, construction, rehabilitation that will increase residential densities, or conversion?

No

→ Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below.

Yes

→ Continue to Question 3.

3. Within 1 mile of the project site, are there any current or *planned* stationary aboveground storage containers:

- Of more than 100-gallon capacity, containing common liquid industrial fuels OR
- Of any capacity, containing hazardous liquids or gases that are not common liquid industrial fuels?

No

→ Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Provide all documents used to make your determination.

Yes

→ Continue to Question 4.

**Habitat for Humanity Acquisition Phase III  
South Williamsport Borough, Lycoming County**

**4. Is the Separation Distance from the project acceptable based on standards in the Regulation?**

Please visit HUD's website for information on calculating Acceptable Separation Distance.

Yes

→ *Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Provide map(s) showing the location of the project site relative to any tanks and your separation distance calculations. If the map identifies more than one tank, please identify the tank you have chosen as the "assessed tank."*

No

→ *Provide map(s) showing the location of the project site relative to any tanks and your separation distance calculations. If the map identifies more than one tank, please identify the tank you have chosen as the "assessed tank."  
Continue to Question 6.*

**5. Is the hazardous facility located at an acceptable separation distance from residences and any other facility or area where people may congregate or be present?**

Please visit HUD's website for information on calculating Acceptable Separation Distance.

Yes

→ *Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Provide map(s) showing the location of the project site relative to residences and any other facility or area where people congregate or are present and your separation distance calculations.*

No

→ *Provide map(s) showing the location of the project site relative to residences and any other facility or area where people congregate or are present and your separation distance calculations.  
Continue to Question 6.*

**6. For the project to be brought into compliance with this section, all adverse impacts must be mitigated. Explain in detail the exact measures that must be implemented to make the Separation Distance acceptable, including the timeline for implementation. If negative effects cannot be mitigated, cancel the project at this location.**

Note that only licensed professional engineers should design and implement blast barriers. If a barrier will be used or the project will be modified to compensate for an unacceptable separation distance, provide approval from a licensed professional engineer.

**Habitat for Humanity Acquisition Phase III  
South Williamsport Borough, Lycoming County**

**Worksheet Summary**

**Compliance Determination**

Provide a clear description of your determination and a synopsis of the information that it was based on, such as:

- Map panel numbers and dates
- Names of all consulted parties and relevant consultation dates
- Names of plans or reports and relevant page numbers
- Any additional requirements specific to your region

U.S. EPA SUPERFUND PROGRAM DATA - SEMS Superfund Public User Database

DEP PACT Tool – 2/15/2024

Consultation 1/25/2024 with:

- U.S. Army Corps of Engineers
- Lycoming County Historical Society
- State Historic Preservation Office
- Lycoming County Conservation
- Environmental Protection Agency
- PennDOT
- South Williamsport Borough
- Lycoming County
- Lycoming County Planning
- Pennsylvania Department of Community and Economic Development

No additional requirements identified from consultations.

**Are formal compliance steps or mitigation required?**

- Yes  
 No

**Northcentral Regional Office (Williamsport)**

208 West Third Street  
Williamsport, PA 17701-6448

Thursday, February 15, 2024

Mrs. Angie Hunselman  
SEDA-COG obo County of Lycoming  
201 Furnace Road  
Lewisburg, PA 17837

Dear Mrs. Hunselman:

Thank you for using the DEP Permit Application Consultation Tool (PACT) submittal. Your project information has been received by the Department of Environmental Protection. Based on your answers to the PACT questionnaire, the tool has provided the attached responses highlighting important considerations related to your project. These responses are based solely on the project information you provided, and may not be comprehensive, but will serve as a starting point for the conference.

DEP is willing to schedule a multi program meeting with you to discuss your project. If you are interested, please respond to me at [dthetford@pa.gov](mailto:dthetford@pa.gov) with several dates that are available for you and your consultant to meet with our programs. The dates are recommended to be at least 2 to 3 weeks in the future to avoid most scheduling conflicts. This conference, while not required, will assist the DEP in coordinating the review of all necessary permits for proposed projects to ensure timely processing, efficient use of resources, thorough environmental review, and consistent department action on proposed projects.

Please be aware that the applicant has the responsibility of complying with all relevant environmental laws and regulations for the project, and permits may be required before construction or the commencement of operations.

Should you have any question, please contact me directly at 570.327.3399.

Sincerely,

Daniel Thetford, Assistant Regional Director, Northcentral Regional Office (Williamsport)

DRAFT

The following Permit Application information was submitted to DEP on 2/15/2024 1:42:36 PM.

**Project Overview**

**Project Name:** Habitat for Humanity Acquisition Phase II  
**Address 1:** not specified

## DEP Permit Application Consultation Tool Responses

The responses are based solely on the project information you provided and may not be comprehensive. Through pre-application meetings and through the course of its review of permit applications, the Department of Environmental Protection (DEP) may emphasize the need for additional permits beyond what is outlined below. The applicant has the responsibility of complying with all relevant environmental laws and regulations for the project. Through its review of permit applications, DEP must ensure that the project meets all applicable statutes and regulations relevant to the protection of the Commonwealth's public natural resources.

The applicant should contact the Pennsylvania Historical and Museum Commission (PHMC), Bureau for Historic Preservation, Box 1026, Harrisburg, PA 17108-1026, telephone number 717.783.8946, to determine if the project will pass through or otherwise impact historic or archaeological sites. Any review comments by the commission should be included with the appropriate DEP permit applications. PHMC environmental review information can be found at [the Commission's website](#).

The Pennsylvania Conservation Explorer Tool should be cross-checked against the site location to determine if any resources of special concern are located within the project area. Relevant information should be included with the appropriate DEP permit applications. Pennsylvania Natural Diversity Inventory List (PNDI) information can be found at Pennsylvania Department of Conservation and Natural Resources ([DCNR's PNDI web page](#)).

If your project will cross any government owned (i.e. state land, county park, local park, etc.) or conserved lands (i.e. land trust lands, preserves lands, municipal open space lands, etc.) the park/conserved land may have been acquired or developed with federal or state funds which may restrict the use of the site to outdoor public recreation uses. If the land has been acquired or developed with federal or state funds, no change of use and no transfer of ownership, control, or interest in the property may occur and no encumbrances may be placed on the property without coordination with DCNR Bureau of Recreation and Conservation.

The applicant should contact the DCNR, Bureau for Recreation and Conservation, 400 Market Street, Harrisburg, PA 17101, telephone number 717.787.6640, to determine if the land has been acquired or developed with federal or state funds.

Contaminated soil handling or disposal questions should be directed to the Waste Management Program in the appropriate regional office. If you have remediation questions as they relate to Act 2 or the Corrective Action Process (regulated tanks), contact the Environmental Cleanup and Brownfields Program in the appropriate regional office.

Any utility company with transmission lines within the project area should be contacted at least 30 days prior to the start of the work by the contractor. The applicant or contractor should call 1.800.242.1776 (PA One Call) before beginning any excavation.

All downstream public water supplies which may potentially be affected by sedimentation or stream flow changes from the project must be directly contacted by the contractor at least 30 days prior to the start of the work. Any public water supply problem resulting from this project must immediately be reported to the Safe Drinking Water Program at the appropriate regional office.

The applicant may access [DEP's eMapPA tool](#) to view the facilities of environmental interest or concern that are near your proposed project.

Certain permits require enhanced public notice and participation as required by DEP's Environmental Justice Public Participation Policy (Document ID: 012-0501-002). An Environmental Justice Area is any census block group with a 30 percent or greater minority population, or 20 percent or greater at or below the poverty level, as defined by the most recent census data provided by the US Census Bureau (American Community Survey). To determine if the project is located in or within a 0.5-mile radius of an Environmental Justice Area, please use the online [Environmental Justice Areas Viewer](#). For detailed information on how this is integrated with the permit application process, please see the [Environmental Justice Public Participation Policy](#).

Some permit applications require newspaper notifications (e.g. Act 14 Municipality notifications, PNDI clearances) as part of the application submittals. This should be considered in the project timeline.

DEP may coordinate the review of multiple permits for proposed projects to ensure efficient use of its resources, thorough environmental review, and consistent DEP action on proposed projects before the commencement of operations, construction or other activities that require DEP permits or approvals.

After submission of an application to DEP, many types of application packages can be tracked online via [eFACTS on the Web](#).

You may also view [DEP's Policy on Permit Review Process and Permit Decision Guarantee](#), which contains, in Appendix A, the timeframes in which you can expect a final decision on your permit application, listed by authorization, assuming there are no application deficiencies.

Applicants are encouraged to schedule a pre-application meeting with the Assistant Regional Director (ARD) in the appropriate regional office.

For interstate natural gas transmission pipeline projects regulated by the Federal Regulatory Commission (FERC) and for natural gas transmission projects that cross two DEP regions and three or more counties, pre-application meetings should be scheduled with the Regional Permit Coordination Office at 717-772-5987 or [RA-RegionalPermit@pa.gov](mailto:RA-RegionalPermit@pa.gov).

For oil and gas projects, pre-application meetings may be scheduled with the District Oil and Gas Manager in the appropriate DEP District Oil and Gas Office (DOGO).

For mining projects, please contact the Chief of the Permitting Section of the appropriate District Mining Office (DMO). There are pre-application packages available for both coal and noncoal mining activities. Generally, the DMO can provide all necessary permits needed for a project with the exception of Air and Dam permits and Aboveground Storage Tank (AST) registrations on industrial mineral mine sites. The DMO will work with the applicant to identify the additional permits needed and will coordinate with the appropriate regional office.

To assist with the scheduling of pre-application meetings or follow-up with a regional program, a list of the appropriate contacts can be found at the end of this document.

Should you have any questions on the permitting of this project or if the project is significantly modified in the future, please contact the ARD in the appropriate regional office.

#### **Air Quality**

- A. A Plan Approval or General Permit may be required if emissions are from sources other than those on DEP's Air Permitting exemptions list (see Plan Approval and Operating Permit Exemption Policy, Document Number [275-2101-003](#) in [DEP's eLibrary](#)). If a source is not exempt, an Air Plan Approval or General Permit will be required per [25 Pa. Code Chapter 127](#).

While DEP advises potential applicants to schedule a pre-application conference to discuss potential permit requirements, applicants may also submit a Request for Determination to clarify Air Quality permitting needs prior to commencing construction.

The exemption list, Request for Determination Form and Instructions, and permit applications can be found at [the Bureau of Air Quality's Request for Determination page](#).

Information pertaining to Air Quality General Permits can be found at [the Bureau of Air Quality's General Permits page](#).

[in response to question: 4]

- B. All asbestos abatement procedures must conform to the requirements of the National Emission Standards for Hazardous Air Pollutants, 40 CFR Part 61, Subpart M. Any contractor removing asbestos must be licensed by the Pennsylvania Department of Labor and Industry.

Removal of asbestos materials must take place prior to general demolition and also requires at least 10 days' advance notification to the following individuals:

- Regional Air Quality Manager
- Region III Asbestos Coordinator, U.S. Environmental Protection Agency, 1650 Arch Street Philadelphia, PA 19103-2029
- Allegheny County Health Department (only for Allegheny County projects), Air Quality Division Clack Health Center, Building 7, 3901 Penn Avenue, Pittsburgh, PA 15224, 412.578.8103
- City of Philadelphia (only for Philadelphia County), Department of Public Health, Air Management Services Asbestos Control Unit, 321 University Avenue, Philadelphia, PA 19104-4597, 215.685.7576.

Additional information along with appropriate forms can be found at [the Bureau of Air Quality's Asbestos Information page](#).

[in response to question: 3]

#### **Environmental Cleanup**

No narrative guidance is applicable for this category based on your questionnaire response.

#### **Mining**

No narrative guidance is applicable for this category based on your questionnaire response.

#### **Oil and Gas Management**

No narrative guidance is applicable for this category based on your questionnaire response.

#### **Waterways and Wetlands**

No narrative guidance is applicable for this category based on your questionnaire response.

#### **Waste Management**

- A. Consider salvaging reusable or deconstructed architectural and building materials such as plumbing fixtures, light fixtures, doors-windows-transoms, hardware, radiators, cabinets, and flooring, etc., at one of the Construction Material Reuse facilities in the region. These facilities are listed in the yellow pages under "Building Materials - Used." In many cases, these facilities will pick up reusable/deconstructed/surplus materials or provide staff to help with their removal and transportation "free of charge." Any remaining solid waste including non-usable construction and

demolition waste, asbestos, and other materials must be properly stored and disposed promptly at an approved facility. For further information, contact the Waste Management Program in the appropriate regional office.

[in response to question: 3]

### **Radiation Protection**

- A. It is illegal to abandon or dispose of self-luminous signs, except by transfer to companies licensed by the Nuclear Regulatory Commission or by an Agreement State. Manufacturers of the devices have radioactive materials licenses, which allow them to accept the return of the devices. Self luminous signs cannot be discarded as municipal or residual waste, nor disposed as a hazardous waste. Improper disposal can result in tritium releases to the environment or accidental human exposure. All radioactive exit signs must be segregated from the waste and disposed of properly. Radioactive exit signs can be identified by the labeling on the units and their ability to light without power.

[in response to question: 3]

### **Safe Drinking Water**

- A. Abandoned water wells should be handled in accordance with the requirements of Act 610, the Water Well Drillers License Act, and as specified by DCNR through the Pennsylvania Geological Survey. Abandonment, removal or plugging of water lines must be coordinated with the owner of the main lines. Please contact the appropriate regional office for more information.

Additional information from [the Pennsylvania Geological Survey](#).

For more information, please visit [the web page for DEP's Source Water Protection program](#).

[in response to question: 3]

- B. All downstream public water systems that may potentially be affected by sedimentation or stream flow changes from the project must be directly contacted by the contractor at least 30 days prior to the start of the work. Any public water system problem resulting from this project must immediately be reported to the Safe Drinking Water Program at the appropriate regional office. [DEP's eMapPA GIS mapping tool](#) can be utilized for contacting downstream users or developing downstream notification lists. More information and instructions on how to use eMapPA for this information can be found on the Links tab within the tool.

A Community Public Water System source may have a delineated Zone II wellhead protection area (WHPA) per Chapter 109. A proposed project may be outside of a ½ mile buffer around the source but be within one of these rigorous delineations. The water system should be contacted about concerns over potential impacts from the proposed project and to determine if any rigorously delineated WHPAs exist in proximity of the proposed project.

The applicant should contact the Safe Drinking Water Program at the appropriate regional office for further information on permitting, water quality testing, monitoring responsibilities and treatment requirements.

[in response to question: 41]

- C. Applicants with projects that impact any public drinking water source must notify the Safe Drinking Water Program at the appropriate regional office at least 30 days prior to the start of the work.

[in response to questions: 40,41]

- D. Construction of a community public water system to serve 15 or more connections used by year-round residents or regularly serves 25 or more year-round residents will require a public water supply permit. If the project involves construction of a non-community public water system (as defined in 25 Pa. Code § 109.1), a permit may be required as specified in 25 Pa. Code § 109.505. The governing regulations can be found at [25 Pa. Code Chapter 109](#) and the application forms can be found [in DEP's eLibrary Permits folder for Safe Drinking Water](#).

The applicant should contact the Safe Drinking Water Program at the appropriate regional office for further information on permitting, water quality testing, monitoring responsibilities and treatment requirements.

There are also permitting requirements for bottled water systems, vended water systems, retail water facilities and bulk water hauling systems under [25 Pa. Code Chapter 109](#).

These application forms can be found [in DEP's eLibrary Permits folder for Safe Drinking Water](#).

[in response to question: 41]

- E. Plumbing for this project must be installed according to local plumbing codes.

[in response to question: 46]

- F. Commonwealth regulations now prohibit the use of lead pipe, lead-based solder and lead-based

fittings in the plumbing systems of potable drinking water supplies. The Lead Ban Act was signed into law on June 12, 2014 with an effective date of January 4, 2014. All plumbing contracts associated with this project must specify use of lead-free solders and fixtures. Lead-free solder contains less than 0.2 percent lead, while fixtures must contain less than 0.25 percent lead to be certified as lead-free.

[in response to question: 46]

#### **Clean Water**

No narrative guidance is applicable for this category based on your questionnaire response.

#### **Pollution Prevention and Energy Assistance**

- A. DEP recommends that the applicant consider incorporating green technology for the new construction. Please visit DEP's webpage on [Energy Conservation and Energy Efficiency](#). While many of the recommendations are for existing buildings, the same principles apply for new construction. Energy saving considerations for buildings may include:
  - a. Building orientation that maximizes the use of light and heat from the sun is the most effective way of producing an energy efficient building.
  - b. The purchase and proper integration of EnergyStar Appliances, such as energy efficient windows, insulation, heating and cooling systems, and lighting systems will greatly decrease energy costs.
  - c. Day-lighting is a cost-effective option that results in a savings of tens of thousands of dollars annually. It also has been documented in several studies that day-lighting improves productivity.

[in response to question: 46]

DRAFT

**Questions and Answers Received from Applicant**

Question #	Question Text	Yes/No Answer
1	Will the project involve the installation, modification or reactivation of a facility or equipment, stationary or mobile, that will result in the production of air emissions (i.e., NOX, VOC, etc.) from sources (existing or proposed)?	No
2	Will the project involve the removal of asbestos?	No
3	Will the project involve construction/demolition and deconstruction operations?	Yes
4	Will the construction/demolition and deconstruction operations require the use of temporary equipment, stationary or mobile, that will result in the production of air emissions such as diesel fired generators?	Yes
5	Will the project involve Bridge Painting?	No
6	Is the project located in the City of Philadelphia?	No
7	Is the project located in Allegheny County?	No
8	Will the project emit air pollutants requiring an Air Quality Plan Approval or Operating Permit?	No
9	Has there been a release of a regulated substance(s) as defined by the Land Recycling and Environmental Remediation Standards Act (Act 2)?	No
10	Has remediation under a state or federal program occurred at the site? (Act-2, Storage Tanks, HSCA, Superfund, CERCLA, RCRA, FUDS, etc.)	No
11	Has there been a release of a regulated substance(s) as defined by the Storage Tank and Spill Prevention Act?	No
12	Does this project involve the installation or removal of any regulated aboveground or underground storage tanks?	No
13	Does the project involve installation of a regulated aboveground storage tank(s) (AST) at a new or existing facility with a total capacity greater than 21,000 gallons?	No
14	Does the project involve installation of a <b>field constructed</b> underground storage tank storing petroleum or a regulated hazardous substance as defined in DEP's Regulated Substances List, <a href="#">2630-BK-DEP2724</a> ?	No
15	Has there been a release of a hazardous substance as defined by the Hazardous Sites Cleanup Act (HSCA)?	No
16	Will contaminated medial be affected by planned earth disturbance and stormwater management (pre & post construction)?	No
17	Does the project involve mining, coal refuse disposal and/or the operation of a coal minerals preparation/processing facility?	No
18	Does this project require the discharge of acid mine drainage, pumping of mine pools or pit impoundments to surface waters?	No
19	Is the project site above or adjacent to an active or abandoned underground mine or in an area prone to mine subsidence?	No
20	Will this project involve the extraction of coal or other minerals?	No
21	Will this project involve the use of explosives in waters, within or on the boundaries of the Commonwealth?	No
22	Will the project involve drilling a well related to oil or gas production, have construction within 200 feet of an oil or gas well, affect an oil or gas well, involve the waste from such a well, or string power lines above an oil or gas well?	No
23	Will the project include any access roads, water lines, gathering lines, well pads or other oil and gas related structures involving any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water (including wetlands)?	No
24	Will the project involve oil or gas related activities including discharge of industrial wastewater or stormwater to a dry swale, surface water, ground water or an existing sanitary sewer system or storm water system?	No
25	Will the oil or gas related project involve the construction and operation of an on-site residual waste processing facility for beneficial reuse?	No
26	Does the project site contain any existing or abandoned oil and gas wells?	No
27	Does this project propose oil and gas activities involving 5 acres (2 hectares) or more of earth disturbance activities, as defined in Chapter 102 Erosion and Sediment Control and regulated by the Federal Energy Regulatory Commission (FERC)?	No
28	Does this project cross two or more DEP regional boundaries and three or more counties?	No
29	Will this project involve the need to obtain from the Federal Energy Regulatory Commission (FERC) a certificate, a blanket certificate, or is it associated with abandonment of a FERC?	No
30	Will this project involve construction, modification, removal or destruction of a highway obstruction or an obstruction within the 100-year floodplain constructed, on property owned or maintained by the Commonwealth, a public utility, or a <a href="#">political subdivision</a> of the Commonwealth?	No
31	Does the project involve the operation and maintenance of an existing	No

	structure, located in, along, across or projecting into a watercourse, floodway or body of water (including wetlands)?	
32	Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water (including wetlands)?	No
33	Does the project involve construction, modification or removal of a dam or interfere with the flow from or otherwise impact a dam?	No
34	Will the construction or operation of this project involve the generation of Hazardous, Residual or Municipal waste including contaminated soil or contaminated dredged material?	No
35	Will the construction or operation of this project involve the generation of waste materials that can be recycled, salvaged, or processed for reuse?	No
36	Will the construction or operation of this project involve the transportation, treatment, storage, processing, reuse or recycling, or disposal of Hazardous, Residual or Municipal waste including contaminated soil or contaminated dredged material?	No
37	Will the project involve the use or disposal of a radiation source (e.g. self-luminous signs)?	No
38	Does the project include abandonment, removal, or plugging of water lines or water wells?	No
39	Will the project include infiltration of storm water or waste water to ground water within ½ mile of a public water supply well, spring or infiltration gallery?	No
40	Will the project impact a public drinking water source?	Yes
41	Will the project be served by an existing public water supply?	Yes
42	Does the project include the construction or modification of a drinking water supply to serve 15 or more connections or 25 or more people, at least 60 days out of the year?	No
43	Is the project expected to substantially modify a permitted public water system?	No
44	Will this project involve a new or increased drinking water withdrawal from a stream or other water body?	No
45	Will the project involve the withdrawal of more than 10,000 gpd surface or groundwater for potable or non-potable use?	No
46	Will the project involve new building construction or significant renovations to existing buildings?	Yes
47	Will the project be located in a special protection watershed (High Quality or Exceptional Value) defined by <a href="#">Chapter 93</a> , or potential to effect an exceptional value wetlands?	No
48	Does the project involve lands contaminated with chemicals or compounds which could present a risk to human health, safety or the environment?	No
49	Will the project involve a construction activity that results in earth disturbance greater than 1 acre?	No
50	Does the project propose timber harvesting or road maintenance activities involving 25 acres (10 hectares) or more of earth disturbance, as defined in Chapter 102 Erosion and Sediment Control?	No
51	Will the project involve discharge of construction related or clean stormwater to a dry swale, surface water, ground water or an existing sanitary sewer system or separate storm water system?	No
52	Will the project involve discharge of industrial stormwater or wastewater from an industrial activity, or sewage to a dry swale, surface water, ground water or an existing sanitary sewer system or separate storm water system?	No
53	Will the project include removal, abandonment, or plugging of sewage lines?	No
54	Will the project result in a sewage increase of 400 gallons or more to an existing on-lot system, or to an existing public sewage system?	No
55	Will the project involve relocation of sewer lines?	No
56	Will new or replaced tanks, pipelines, or natural gas transmission lines be hydrostatically tested?	No
57	Will there be waste concrete and concrete truck wash downs during the project?	No
58	Is this project for the beneficial use of biosolids for land application within Pennsylvania?	No
59	Will the project involve the construction of a new school or modifications/additions to an existing school?	No
60	Will the project be located within either the Lake Erie or Delaware Estuary Coastal Zones?  To determine if the project is located within either Coastal Zone, please use the online <a href="#">eMapPA</a> tool. Selecting the Layer titled "Areas POI - Environmental" will identify Coastal Zones on the map.	No

**Additional Resources**

For additional program specific information or to schedule your Pre-Application Conference please refer to the following available resources.

**Northcentral Regional Office (Williamsport)**

General Information	570.327.3636
Assistant Regional Director's Office	570.327.3695
Air Quality Program	570.327.3638
Environmental Cleanup and Brownfields Program	570.321.6525
Waste Management Program	570.327.3653
Waterways and Wetlands Program	570.327.3574
Safe Drinking Water Program	570.327.3490
Clean Water Program	570.327.3670
Pollution Prevention and Energy Assistance Program	570.327.3636

**District Mining Offices**

For further information, please contact the appropriate District Mining Office (DMO). Specifically, the California DMO is responsible for Bituminous underground mines, Pottsville DMO is responsible for Anthracite underground mines and the geographically related DMO is responsible for underground Industrial Mineral mines.

- The California DMO, 25 Technology Drive, California Technology Park Coal Center, PA 15423, or call 724.769.1100
- The New Stanton DMO, 131 Broadview Road, New Stanton PA 15672, or call 724.925.5500
- The Cambria DMO, 286 Industrial Park Road, Ebensburg, PA 15931-0625, or call 814.472.1900
- The Moshannon DMO, 186 Enterprise Drive, Philipsburg, PA 16866, or call 814.342.8200
- The Knox DMO, White Memorial Building, P.O. Box 669, Knox, PA 16232-0669, or call 814.797.1191
- The Pottsville DMO, 5 West Laurel Boulevard, Pottsville, PA 17901-2454, or call 570.621.3118

**District Oil and Gas Offices**

For further information on Oil and Gas, please contact the appropriate District Oil and Gas Office:

- Eastern District, 208 West Third Street, Williamsport, PA 17701, or call 570.327.3636
- Southwest District, 400 Waterfront Drive, Pittsburgh, PA 15222, or call 412.442.4000
- Northwest District, 230 Chestnut Street, Meadville PA 16335, or call 814.332.6860

**APPENDIX L**

**CLEAN AIR**

**DRAFT**

**Habitat for Humanity Acquisition Phase III  
South Williamsport Borough, Lycoming County**

**Air Quality (CEST and EA)**

General Requirements	Legislation	Regulation
The Clean Air Act is administered by the U.S. Environmental Protection Agency (EPA), which sets national standards on ambient pollutants. In addition, the Clean Air Act is administered by States, which must develop State Implementation Plans (SIPs) to regulate their state air quality. Projects funded by HUD must demonstrate that they conform to the appropriate SIP.	Clean Air Act (42 USC 7401 et seq.) as amended particularly Section 176(c) and (d) (42 USC 7506(c) and (d))	40 CFR Parts 6, 51 and 93
<b>Reference</b>		
<a href="https://www.hudexchange.info/environmental-review/air-quality">https://www.hudexchange.info/environmental-review/air-quality</a>		

**Scope of Work**

1. Does your project include new construction or conversion of land use facilitating the development of public, commercial, or industrial facilities OR **five or more dwelling units**?

Yes

→ Continue to Question 2.

- No Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Provide any documents used to make your determination.

**Air Quality Attainment Status of Project's County or Air Quality Management District**

2. Is your project's air quality management district or county in non-attainment or maintenance status for any criteria pollutants?

Follow the link below to determine compliance status of project county or air quality management district:

<http://www.epa.gov/oaqps001/greenbk/>

- No, project's county or air quality management district is in attainment status for all criteria pollutants

→ Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Provide any documents used to make your determination.

- Yes, project's management district or county is in non-attainment or maintenance status for one or more criteria pollutants.

Describe the findings:

→ Continue to Question 3.

**Habitat for Humanity Acquisition Phase III  
South Williamsport Borough, Lycoming County**

3. Determine the estimated emissions levels of your project for each of those criteria pollutants that are in non-attainment or maintenance status on your project area. Will your project exceed any of the *de minimis* or *threshold* emissions levels of non-attainment and maintenance level pollutants or exceed the screening levels established by the state or air quality management district?

No, the project will not exceed *de minimis* or threshold emissions levels or screening levels  
→ Based on the response, the review is in compliance with this section. Continue to the Worksheet Summary below. Explain how you determined that the project would not exceed *de minimis* or threshold emissions.

Yes, the project exceeds *de minimis* emissions levels or screening levels.  
→ Continue to Question 4. Explain how you determined that the project would not exceed *de minimis* or threshold emissions in the Worksheet Summary.

4. For the project to be brought into compliance with this section, all adverse impacts must be mitigated. Explain in detail the exact measures that must be implemented to mitigate for the impact or effect, including the timeline for implementation.

**Worksheet Summary**

**Compliance Determination**

Provide a clear description of your determination and a synopsis of the information that it was based on, such as:

- Map panel numbers and dates
- Names of all consulted parties and relevant consultation dates
- Names of plans or reports and relevant page numbers
- Any additional requirements specific to your region

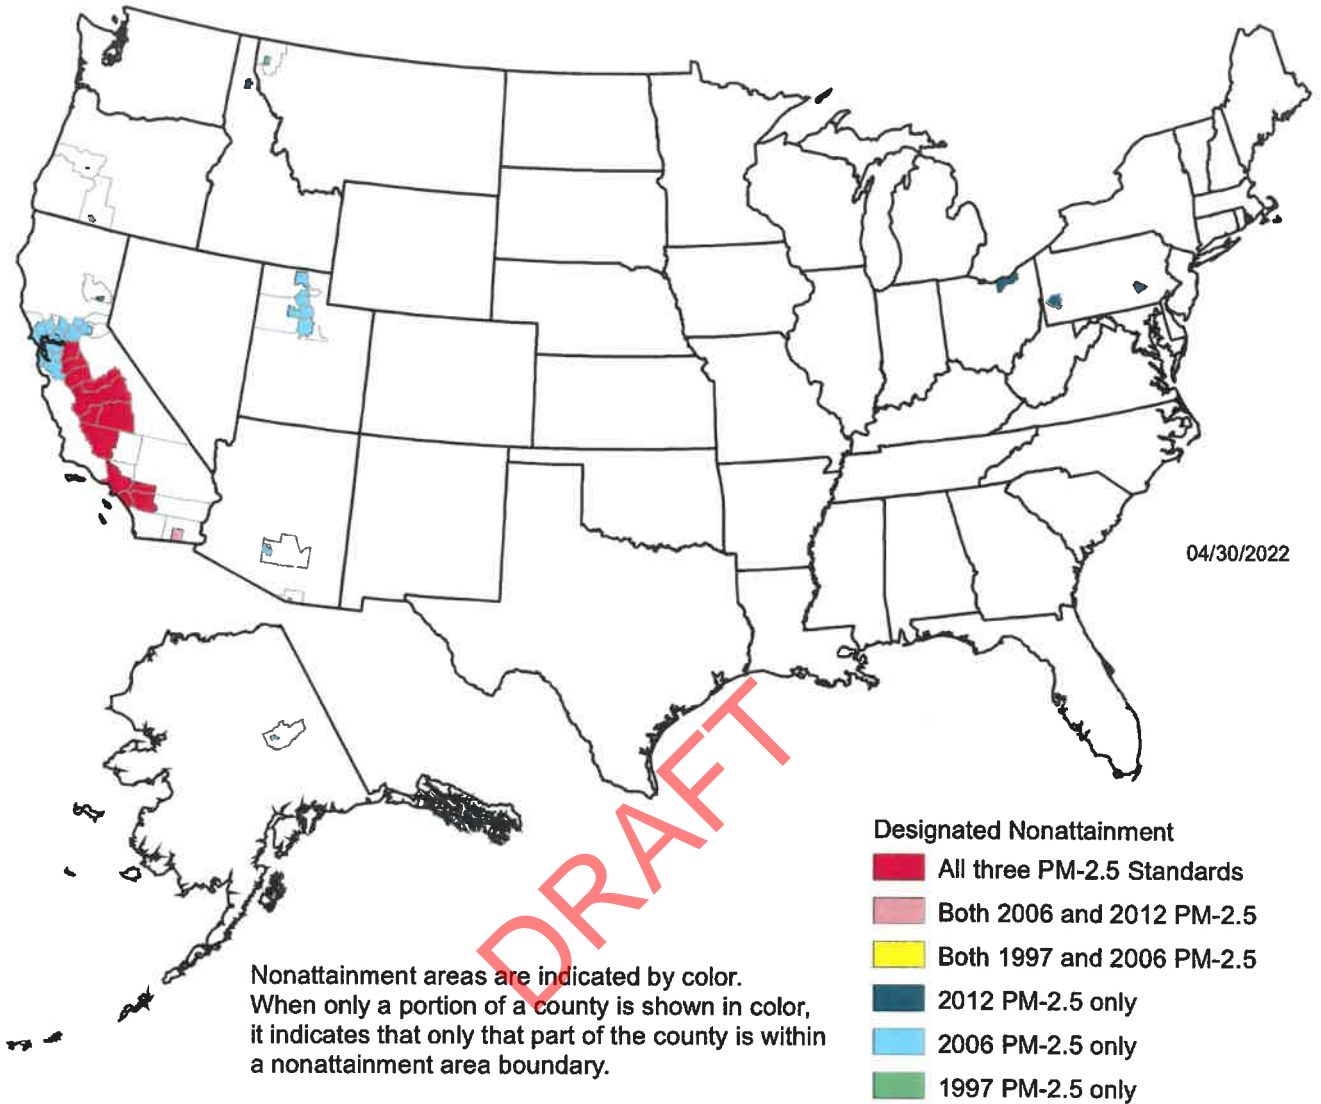

<https://www3.epa.gov/airquality/greenbook/>

Nonattainment area maps.

**Are formal compliance steps or mitigation required?**

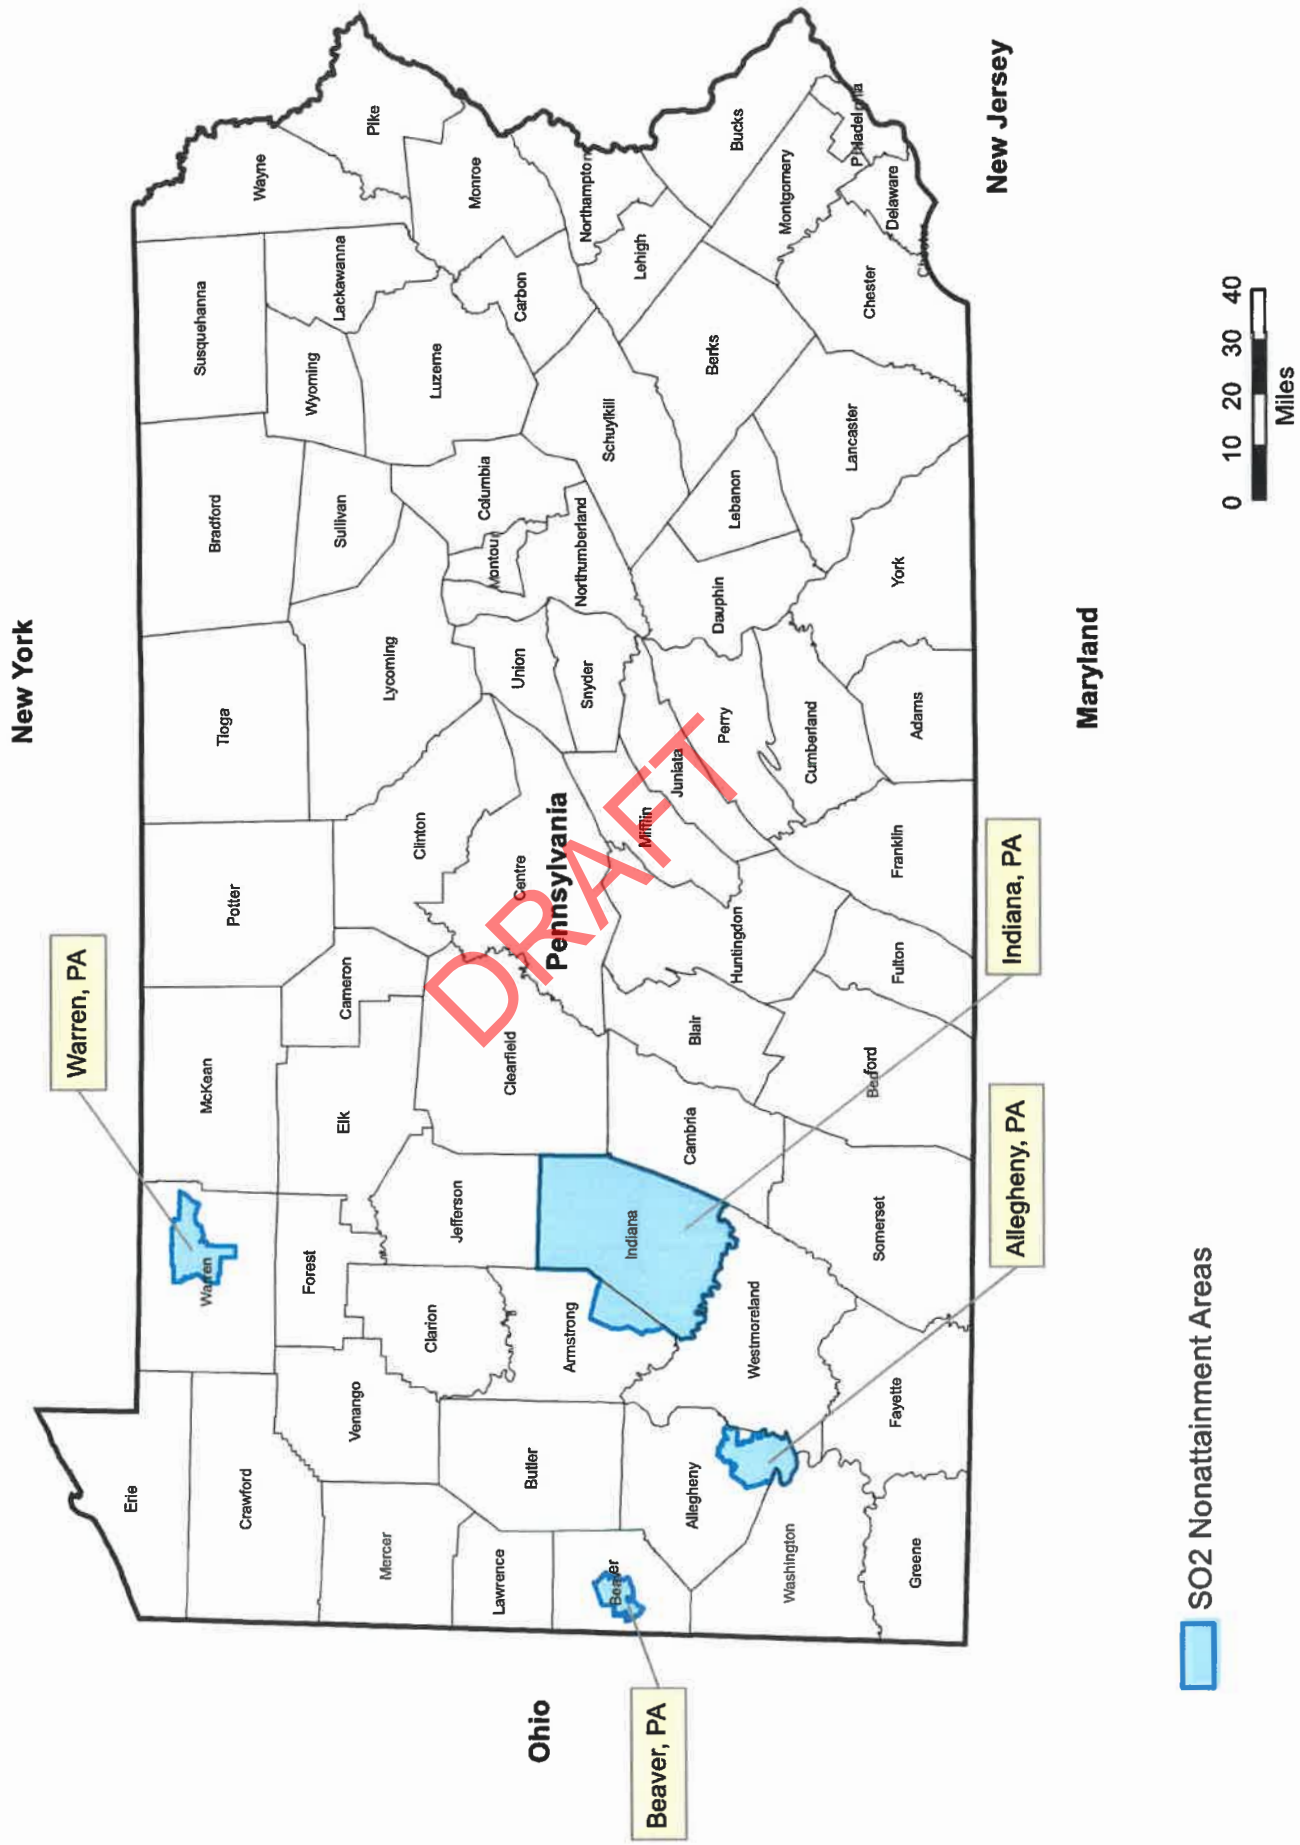

- Yes  
 No

SUBJECT: NEPA ENVIRONMENTAL REVIEW  
**HABITAT FOR HUMANITY ACQUISITION PHASE III**  
**SOUTH WILLIAMSPORT BOROUGH, LYCOMING COUNTY**  
COMMUNITY DEVELOPMENT BLOCK GRANT

### HABITAT FOR HUMANITY ACQUISITION PHASE III

The County of Lycoming 'on behalf of' South Williamsport Borough has allocated Community Development Block Grant (CDBG) funds, FFY 2022, Contract No. C000086364, in the amount of \$100,288 to the Habitat for Humanity Acquisition Phase III activity. The proposed scope of work includes purchasing the remaining two lots (1 and 4) on Clark Street, South Williamsport, Lycoming County, with the intended use to build new single-family housing units by Habitat for Humanity.

Enclosed you will find location maps of the proposed project. Please review this project as to its impact on wetlands protection, and on any other environmental issues pertinent to your department.

We also believe that there are no historic properties or eligible historic properties located in the project area. If your agency knows of any such properties, please inform us as soon as possible.

In accordance with grant regulations, an Environmental Review must be performed on all projects which utilize federal funds. This includes consulting with various community groups and public agencies which may have an interest in this project.

So that we may proceed in obtaining environmental clearance from DCED on this project, we are asking, if you choose to respond, please do so by **February 26, 2024**. Your comments will become a part of the Environmental Review Record.

If you have any questions, or require additional information, please feel free to contact me.

Sincerely,

Angie Hunselman, Program Analyst  
Community Services Division  
Community Development Program

***SEDA-COG...Building Strong Economies & Strong Communities***

DRAFT

January 25, 2024

SUBJECT: NEPA ENVIRONMENTAL REVIEW  
**HABITAT FOR HUMANITY ACQUISITION PHASE III**  
**SOUTH WILLIAMSPORT BOROUGH, LYCOMING COUNTY**  
COMMUNITY DEVELOPMENT BLOCK GRANT

**HABITAT FOR HUMANITY ACQUISITION PHASE III**

The County of Lycoming 'on behalf of' South Williamsport Borough has allocated Community Development Block Grant (CDBG) funds, FFY 2022, Contract No. C000086364, in the amount of \$100,288 to the Habitat for Humanity Acquisition Phase III activity. The proposed scope of work includes purchasing the remaining two lots (1 and 4) on Clark Street, South Williamsport, Lycoming County, with the intended use to build new single-family housing units by Habitat for Humanity.

Enclosed you will find location maps of the proposed project. Please review this project as to its impact on wetlands protection, and on any other environmental issues pertinent to your department.

We also believe that there are no historic properties or eligible historic properties located in the project area. If your agency knows of any such properties, please inform us as soon as possible.

In accordance with grant regulations, an Environmental Review must be performed on all projects which utilize federal funds. This includes consulting with various community groups and public agencies which may have an interest in this project.

So that we may proceed in obtaining environmental clearance from DCED on this project, we are asking, if you choose to respond, please do so by **February 26, 2024**. Your comments will become a part of the Environmental Review Record.

If you have any questions, or require additional information, please feel free to contact me.

Sincerely,

A handwritten signature in black ink that reads "Angie Hunselman".

RUN DATE: April 4, 2024  
CONTACT: Angie Hunselman (570) 524-4491

**NOTICE OF FINDING OF NO SIGNIFICANT IMPACT AND  
NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS**

April 4, 2024

Lycoming County  
48 West 3<sup>rd</sup> Street  
Williamsport, PA 17701  
(570) 320-2124

This notice shall satisfy two separate but related procedural requirements for activities to be undertaken by Lycoming County.

**REQUEST FOR RELEASE OF FUNDS**

On or about April 22, 2024, Lycoming County will submit a request to the State c/o Department of Community and Economic Development (DCED) for the release of Community Development Block Grant (CDBG) funds under Title I of the Housing and Community Development Act of 1974, Public Law 93-383, as amended, to the following project:

**HABITAT FOR HUMANITY ACQUISITION PHASE III**

The County of Lycoming 'on behalf of' South Williamsport Borough has allocated Community Development Block Grant (CDBG) funds, FFY 2022, Contract No. C000086364, in the amount of \$100,288 to the Habitat for Humanity Acquisition Phase III activity. The proposed scope of work includes purchasing the remaining two lots (1 and 4) on Clark Street, South Williamsport, Lycoming County, with the intended use to build new single-family housing units by Habitat for Humanity.

**FINDING OF NO SIGNIFICANT IMPACT**

Lycoming County has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. Additional project information is contained in the Environmental Review Record (ERR) on file at Lycoming County, 48 West 3<sup>rd</sup> Street, Williamsport, PA 17701, (570) 320-2124, or at SEDA-Council of Governments (SEDA-COG), 201 Furnace Road, Lewisburg, PA 17837, 1-800-332-6701, and may be examined or copied weekdays 9:00 A.M. to 3:00 P.M. The ERR is also available at <https://seda-cog.org/departments/community-development/environmental-reviews/>.

**PUBLIC COMMENTS**

Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to Mya Toon, Chief Procurement Officer, Lycoming County; and/or Angie Hunselman, SEDA-COG, addresses above or [akemberling@seda-cog.org](mailto:akemberling@seda-cog.org). All comments received by April 19, 2024 will be considered by the Lycoming County prior to authorizing submission of a Request for Release of Funds. Comments should specify which Notice they are addressing.

**ENVIRONMENTAL CERTIFICATION**

Lycoming County certifies to DCED that Mya Toon, in her capacity as Chief Procurement Officer, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. State's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities and allows the Lycoming County to use Program funds.

**OBJECTIONS TO RELEASE OF FUNDS**

The State will accept objections to its release of funds for Lycoming County's certification received for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following basis: (a) the certification was not executed by

the Certifying Officer of Lycoming County; (b) Lycoming County has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR Part 58; (c) the grant recipient or other participants in the development process have committed funds, incurred costs or undertaken activities not authorized by 24 CFR Part 58 before approval of a release of funds by the State; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58, Sec. 58.76) and shall be addressed to Department of Community and Economic Development at: [chrhowe@pa.gov](mailto:chrhowe@pa.gov). Potential objectors should contact the State to verify the actual last day of the objection period.

Mya Toon, Chief Procurement Officer  
Lycoming County
