

Export Development
Program presents...

CREATING AN EXPORT MANAGEMENT COMPLIANCE PROGRAM

*Does your company have an Export
Management Compliance Program (EMCP)?*

March 6, 2024 | 1:00 - 4:00
200 Innovation Blvd, Room 243, State College

An EMCP is a written set of export-related guidelines **and** operational policies, procedures, and safeguards that tell employees what is expected of them and provides a framework for evaluation.

This program will...

- identify the various control agencies and regulations.
- help you understand export control classification.
- provide definitions on what is an export, technical data and services, U.S. persons, and other key items.
- review the structure of an EMCP.
- discuss how to integrate a Technology Control Plan (TCP) into an EMCP.
- provide many more key takeaways!
