

CLASSIFICATION UNDER THE U.S. HARMONIZED TARIFF AND SCHEDULE B

An understanding of the Harmonized System is essential for importers and exporters alike!

May 22, 2024 | 1:00 – 4:00
200 Innovation Blvd, Room 243, State College

Proper classification is a regulatory requirement under the Customs Modernization Act and export control regulations. This program is ideal for new staff, a refresher for seasoned staff, or for those involved in determining eligibility for Free Trade Agreements.

At the end of this training, you will understand...

- the Harmonized Systems and when to use the Harmonized Tariff or Schedule B.
- the General Rules of Interpretation, General Notes, and Trade Preference Provisions used to correctly classify your imports for advantageous duty rates.
- how product modification, trade agreements, and preference programs can reduce duty paid.
- how to obtain rulings from the government.
- what tools are available to help with classification.
- how to avoid fines, penalties, overpayment of duties, and other compliance problems.
