LEP Interaction Tracking Form: Annual Report
Background

In 1964, John F. Kennedy called for the enactment of Title VI of the Civil Rights Act, which prohibits discrimination on the basis of race, color, and national origin in programs and activities that receive federal financial assistance.

In 2000, an Executive Order was signed by President Bill Clinton titled “Improving Access to Services for Persons with Limited English Proficiency”. A person with Limited English Proficiency (LEP) refers to an individual for whom English is not their primary language and who has a limited ability to read, write, speak, or understand the English language. The Executive Order established that recipients of Federal funds must provide meaningful access to LEP individuals and not discriminate on the basis of national origin. In 2002, pursuant to the Executive Order, the Department of Justice issued LEP Guidance, including compliance standards and processes that recipients must follow to ensure that the programs and activities they normally provide in English are accessible to LEP persons.

Four Factor Analysis

The Four Factor Analysis is one of the primary compliance processes established in the Department of Justice’s LEP Guidance. The Analysis provides a framework for agencies to use in identifying the LEP populations in their service area and developing a cost-effective and meaningful plan for providing appropriate language assistance services. The Four Factors are as follows:

1. The number and proportion of LEP persons served or encountered in the eligible service population.

2. The frequency with which LEP individuals come into contact with the program, activity, or service provided.

3. The nature and importance of the program, activity, or service provided by the program to LEP persons.

4. The resources available to the recipient and costs associated with providing meaningful access to LEP persons.

An interview was conducted with the SEDA-COG MPO staff to document the MPO’s current language-assistance services, degree of contact with LEP persons, resources available for language assistance, and other point of evaluation requested in the Four Factor Analysis. A summary of the questions asked and responses is provided in Appendix A.
Factor 1 – Number & Proportion of LEP Persons Encountered

Factor 1 evaluates the number of LEP persons served and the concentration of LEP persons in the service area population. In the case of the SEDA-COG MPO, the service area population is the total population within the region served by the MPO, including the following eight (8) counties: Clinton, Columbia, Juniata, Mifflin, Montour, Northumberland, Snyder, and Union (Figure 1).

Language characteristics within the MPO region were identified using the U.S. Census Bureau’s 2007-2011 American Community Survey (ACS) data. The data for “Language Spoken at Home by Ability to Speak English for the Population 5 Years and Over” (Table B16001) was compiled and mapped at the tract level. Individuals are characterized as speaking English “very well” or “less than very well.” For this analysis, an individual who speaks English less than very well is considered an LEP person.
It is noted that the ACS data for the SEDA-COG MPO region includes the institutionalized populations of several penitentiaries. The SEDA-COG MPO does not provide services to these institutionalized persons. However, not all of the institutionalized populations could be identified specifically and screened from the analysis. Therefore, the data summaries and mapping provided in this document include the institutionalized populations.

**Total LEP Population in the SEDA-COG MPO Region**

Table 1 summarizes the total population and LEP population of All Language Groups in the SEDA-COG MPO region, with comparison to the state of Pennsylvania as a whole. Of the Region’s total population, about 8,200 persons or 2.3% of the total population are considered to have limited English proficiency.

</tbody>
</table>

**Figure 2** illustrates the population of LEP persons in each Census tract. **Figure 3** illustrates the concentration (percentage of the total population) of LEP persons. The LEP populations are generally higher in the western and southern parts of the MPO, with the highest in Mifflin, Snyder, Union, and Northumberland Counties (see Table 3). LEP concentrations follow a similar pattern, with Mifflin, Union, and Snyder Counties having the highest concentrations. Northumberland County’s larger total population results in a low LEP concentration. By the same token, the lower total populations of Montour and Juniata Counties result in higher LEP concentrations.

---

1 Union County designated the state and federal penitentiaries as their own Census tracts. The other counties in the SEDA-COG MPO Region have not adopted such designations.

2 Union County’s LEP population and concentration is skewed by the institutionalized populations at United States Penitentiary (USP) Lewisburg and USP Allenwood. When institutionalized populations are removed, the remaining non-institutionalized Union County LEP population is ~820 persons, making the concentration 2.2%.

Largest LEP Language Groups in the SEDA-COG MPO Region

Table 4 summarizes population data for the five (5) most populous LEP language groups in the SEDA-COG MPO Region. Comparisons to the statewide Pennsylvania data are provided for the same language groups. The West Germanic (largely PA Dutch) and Spanish language groups are by far the largest LEP populations. Beyond these “Top 5” populations, the Region is also home to LEP persons who speak the following (in order by decreasing population): Russian (148); French (132); Arabic (102); Japanese (99); Gujarati (97); Mon-Khmer, Cambodian (97); and Polish (94). The LEP population for each other language group is 80 or fewer.

Geographic Distribution of LEP Populations

Distributive mapping of the American Community Survey (ACS) data was prepared at the tract-level to develop a better understanding of the LEP populations in the SEDA-COG MPO region potentially qualifying for “Safe Harbor” treatment—namely the West Germanic and Spanish LEP populations.

West Germanic Language Group

Figures 4 and 5 illustrate the distribution of West Germanic LEP persons according to population and concentration, respectively. At the tract level, the higher populations and concentrations generally overlap in the most rural areas of the region, including the following:

- Southern Clinton County
- Northwestern Mifflin County
- Northern Montour County
- Northern Northumberland County
- Southeastern Snyder County
- Western Union County

Table 5 summarizes the West Germanic LEP populations by County. The SEDA-COG MPO region, when taken as a whole, is home to about 20% of Pennsylvania’s total West Germanic LEP population. Almost half of this LEP population resides in Mifflin County, which is home to twelve different Amish and Mennonite groups. The next largest populations exist in Snyder, Union, and Clinton Counties. Concentrations are highest in Mifflin County (3.7%) and Snyder County (1.6%), followed by Juniata County (1.1%). All other counties have concentrations less than the regional average of 1.0%.

Spanish Language Group

Figures 6 and 7 illustrate the distribution of Spanish LEP persons according to population and concentration, respectively. At the tract level, the populations of Spanish LEP persons are generally distributed throughout the MPO region, with higher populations in the following locations:

- Central and northeastern Juniata County
- Eastern Snyder County
- Central Northumberland County

Table 6 summarizes the Spanish LEP populations by County. With the exception of the Juniata County locations, the higher populations are in the more urbanized areas of the MPO. The concentrations of Spanish LEP persons are far less pronounced, but occur in similar locations as the higher populations. Higher concentrations are noted in the towns of Milton, Selinsgrove, Lock Haven, and Lewistown. The highest concentrations occur in the penitentiary tracts in Union County.

**Safe Harbor Provision**

The Safe Harbor Provision, as defined in the Department of Justice’s LEP Guidance, is the most prevalent guideline used to establish when language assistance services are considered appropriate and define expectations for what those services would entail.

**Safe Harbor Triggers**

*The Safe Harbor Provision is triggered for each LEP language group that constitutes five percent (5%) of the total population or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered* (FTA C 4702.1B, Chapter III-9).

Considering the SEDA-COG MPO region as a whole (i.e., the “service area”), the total LEP populations for both West Germanic and Spanish language groups exceed the 1,000 person threshold, even though the regional concentrations of both populations fall well below the 5% threshold (see Table 4). However, when the total LEP populations are viewed in light of eligibility or the likelihood of being affected or encountered, there is every indication that the modified West Germanic LEP population would not trigger the Safe Harbor Provision. As a whole, Amish and Mennonite Communities (speakers of West Germanic, PA Dutch) deliberately avoid encounters with those outside their culture—particularly governmental agencies—preferring to allow their church leaders to represent them and speak on their behalf. These leaders are typically fluent in both English and PA Dutch. Moreover, the translation guidelines of Safe Harbor would be ineffective, as the West Germanic language is not a written language.

Therefore, it is the conclusion of this analysis that the Safe Harbor Provision is triggered in the SEDA-COG MPO region for the Spanish language group alone. The guidelines and requirements of the Safe Harbor Provision will not be applied to the West Germanic language group. However, this LEP Plan will maintain documentation of the West Germanic LEP populations as a baseline for future analyses.

**Safe Harbor Translation Expectations**

*The Provision states that providing written translation of “vital documents” for each LEP population that exceeds the Safe Harbor thresholds “shall be considered strong evidence of compliance with the recipient’s [SEDACOG MPO] written translation obligations“* (FTA C 4702.1B, Chapter III-9).

Based on the standard of practice, “vital documents” typically include those that explain how to access an organization’s services (including language assistance services), letters that require a response from a customer, complaint forms, and notification of rights. For the purposes of this LEP Plan, SEDA-COG MPO has designated the following as “vital documents” for translation:

- Notice of Language Services *(Appendix B)*;
- Title VI Notice to Beneficiaries *(Appendix C)*;
- Title VI Complaint Form *(Appendix D)*; and

---

3 This evaluation concludes that the Safe Harbor Provision is triggered for the Spanish language group, even though the analysis has not attempted to discern the total LEP population from those “eligible to be served or likely to be affected or encountered.”
While not considered “vital documents” translations of the Executive Summaries of the MPO’s primary plans and documents (e.g., Long Range Transportation Plan, Public Participation Plan, Transportation Improvement Program) will be provided on an as-requested basis. Finally, when a Targeted Outreach Activity is triggered by the presence of an LEP population (see Section 6 of the Public Participation Plan), written materials will be made available in the LEP language according to the Safe Harbor Provision and the Public Participation Plan.

**Factor 2 – Frequency of Contact with LEP Persons**

To date, the SEDA-COG MPO has received no direct requests for translation or interpretation services for any language, and the frequency with which LEP persons come in contact with the MPO’s planning program is largely unknown.

West Germanic (PA Dutch) is the most common language spoken by LEP individuals in the SEDA-COG MPO region. As a general rule, the PA Dutch-speaking Amish and some Mennonite groups deliberately shy away from interaction with government agencies. These communities commonly look to a church leader to buffer inquiries, and these leaders are typically fluent in speaking the English language.

Still, the following contact with LEP individuals has been noted for other projects and plans completed in the MPO Region:

- **Union County Comprehensive Plan** – Union County developed and completed a plan-specific outreach effort to the Amish and Mennonite communities as part of their Comprehensive Plan, which was adopted in 2009. Direct contact was made with PA Dutch-speaking LEP persons in these communities, as discourse was completed through church leaders serving as interpreters.

- **SR 0035/A02, Juniata River Bridge Project** – The Spanish-speaking communities of Mifflin and Mifflintown in Juniata County were active participants in the public involvement process associated with the Juniata River Bridge Project, which was to replace an aging truss bridge with modern highway bridge at another location. The new bridge location provided better mobility for vehicular traffic, but it created much longer and less accessible pedestrian pathways, particularly for LEP persons living in Mifflin and Mifflintown Boroughs. The bridge replacement project was expanded to add a pedestrian bridge at the location of the former truss bridge.

The lessons learned through these experiences speak to the need to accurately identify and engage LEP persons early in project planning, programming, and development. With this LEP Plan, the SEDA-COG MPO is formally appropriating tools and training its staff for recognizing LEP persons, identifying their language, and serving LEP persons, when the need arises. The MPO has developed an Employee Training Manual to facilitate staff training and create a central source of information related to LEP. The manual includes information about Title VI and LEP requirements; LEP in the SEDA-COG area; resources for phone, in-person, and written translation; and LEP program evaluation techniques.
Factor 3 – Nature & Importance of the Program

The SEDA-COG MPO is, primarily, a planning organization for transportation investments in the region. As such, the MPO does not provide direct assistance to individuals and, as such, is not a vital service that impacts the day-to-day life of residents in the region. However, the MPO’s activities are important in the ongoing development of a safe and efficient transportation system that provides a desirable quality of life and economic opportunity in the region.

In particular, roadway safety planning is one of the most important SEDA-COG MPO functions, particularly for the West Germanic speaking populations in the area. Crashes between vehicles and horse-drawn buggies operated by Amish or Mennonite individuals are still not uncommon, and these crashes often result in fatalities. The SEDA-COG MPO recognizes the importance of involving West Germanic speaking communities when plans address locations and routes frequented by members of their community.

The SEDA-COG MPO staff has noted the “lessons learned” about the awareness of LEP populations near a project and the need for conducting thoughtful outreach. LEP persons commonly rely on public and non-motorized modes, as well as roadside and off-road pedestrian and bike facilities for day-to-day transportation. So while the planning activities of the MPO may not have urgent or direct impacts, they are nonetheless important to the long-term livelihood of all those who reside in the region.

Therefore, the planning activities of the MPO provide opportunity for public participation, and the MPO is appropriating tools and training that will serve LEP persons that wish to participate.

Factor 4 – Resources & Costs of Language Assistance Services

The SEDA-COG MPO is a small agency with small capital resources available to spend on LEP services. The organization does have two (2) MPO staff available to facilitate interaction with LEP persons and will use low-cost or free services and automated techniques to provide translation and interpretation, upon request. The phone-based, on-demand interpretation service provided by the Commonwealth of PA, through PennDOT, is one such service.

The MPO pools resources with other elements of the larger SEDA-COG organization to develop and maintain the administrative/reception staff and other technical staff (GIS, IT, etc.) While none of the current staff is bilingual, many can recognize the Spanish language, and they have been trained on the protocols for dealing with requests for translation and interpretation and the relevant Title VI and LEP obligations of the organization. The pooled resources of SEDA-COG also maintain the agency’s webpage, office facility, and the associated office equipment and services.
Language Assistance Plan

Consistent with Title VI of the Civil Rights Act, Executive Order 13166, “Improving Access to Services for Persons with Limited English Proficiency”, and the USDOT implementing guidance, the SEDA-COG MPO is responsible to take steps that ensure meaningful access to the services, information, and other important portions of their programs and activities for individuals who are limited-English proficient (LEP). This includes the development of a Language Assistance Plan (LAP), which establishes an implementation program for providing meaningful access to LEP persons, based on the results of the Four Factor Analysis. The Four Factor Analysis evaluated the demography of the MPO region along with the frequency of contact with LEP persons, the importance the MPO’s services to LEP persons, and resources available for accommodating LEP persons.

The overarching goal of this plan is to deploy tools and services that will enable the MPO staff to communicate with a person who does not speak English. According to the Safe Harbor Provision, this plan addresses accommodations for LEP persons who read Spanish. Immediate assistance for Spanish interpretation and other languages may be provided if an available service can accommodate the language requested (e.g., telephone-based phone interpretation service, local interpreters, etc.).

Structure of the LAP

This Language Assistance Plan is organized around the five potential Contact Points where the MPO would interact with LEP persons during the course of its official planning activities:

Primary Contact Points:
  - Public Meetings
  - Office Walk-In
  - Telephone Calls
  - Webpage
  - Written Correspondence

While each Contact Point presents certain unique language service challenges, a small set of language assistance tools is necessary to provide effective language support.

Language Assistance Tools

Notices and Advertisements

The SEDA-COG MPO utilizes various methods and conduits for providing notice and advertisement of the language assistance services they provide, as follows:

- Posting translated notices in local newspapers as part of legal ads and press releases;
- Posting notices on the SEDA-COG website, which may be translated using Google Translate or another automated translation service;
Posting translated notices in the SEDA-COG offices;
Distributing written and email notices to Interested Parties, in their requested language.

The MPO may also use the following for certain outreach efforts and plans:

- Designing and distributing informational materials detailing SEDA-COG planning efforts, including flyers, posters, brochures, and bus advertisements
- Radio or Public Service Announcements in Spanish
- Providing real-time translation services at Public Meetings or events with the use of headsets
- Presenting information at community organizations frequented by LEP individuals.

The occasions for using these methods and conduits are described in subsequent sections, where they are put into the context of the various Contact Points.

**Language Identification Card**

The Language Identification Card is a one-page tool that states, in a number of languages, “If you need an interpreter, please point to your language.” The LEP person points to their language on the card to indicate their language. Each language is also identified in English at the right side of the page, so that an English-speaking person can accurately request interpretation services and engage an interpreter quickly. A sample Language Identification Card is provided in Appendix F. This appendix also includes a Language Identification Survey from the U.S. Census Bureau, for use where the written survey version may be more efficient. The card and survey will be a part of the materials maintained in the reception area or at the welcome/sign-in station of a public meeting.

**“One Moment Please” Tool**

This LEP tool gives the English phonetic pronunciation for the phrase, “One moment please,” in 18 of the most common LEP languages. This simple phrase may be useful to encourage an LEP person while an interpreter or interpreter service is contacted. This tool is provided in Appendix G.

**Telephone-Based Interpretation Service**

The Commonwealth of PA maintains a contract with a telephone-based (a.k.a, “on-demand”) interpretation service and provides public agencies with access to the service, free of charge. With the increasing potential for interaction with LEP persons, the SEDA-COG MPO is prepared to utilize this service, and training is provided for the MPO staff persons who are anticipated to use it. According to the MPO’s minimal amount of interaction with LEP persons, this service should provide an adequate level of interpretation service for the MPO’s needs.

Instructions for accessing the telephone-based service (phone number and access code) along with “helpful hints” for working with an over-the-phone interpreter are provided in Appendix H. The service is provided free-of-charge by the Commonwealth of PA through PennDOT.
The MPO staff person who is interacting with an LEP person calls the phone number and the operator will either assist in identifying the LEP person’s language, or if the language is known, the language code may be entered directly. An interpreter will be connected, and the conversation can proceed in conference call or three-way call mode.

**Translation Services for Written Material**

In compliance with the Safe Harbor Provision, the SEDA-COG MPO will provide human translated versions of its vital documents. Translated summaries of SEDA-COG’s primary but non-vital planning documents will be provided in Spanish upon request. This encompasses the Long Range Transportation Plan, Public Participation Plan, Coordinated Human Services Transportation Plan, and Transportation Improvement Program. The translations of non-vital documents may be provided via human or automated translation. The telephone-based, on-demand interpretation service may also be engaged to facilitate follow-up discussion and responses to specific questions.

The following are methods of providing written translation of documents:

- **Human-Translation Services**
  Human translation (i.e., non-automated translation provided by human, multi-lingual translators) services are available both locally in the SEDA-COG MPO region and through internet-based translation businesses who provide services nationally. A listing of selected providers is given in Appendix I.

- **Automated Translation (Google Translate, Bing Translator)**
  Online automated translation services, such as Google Translate (https://translate.google.com/) or Bing Translate (https://www.bing.com/translator/), provide on-demand translation among multiple languages, as well as an application programming interface (API) that may be integrated into existing webpages. As an implementation step of this plan, SEDA-COG intends to implement Google Translate on the entire SEDA-COG website, including the MPO’s pages. Similar to other agency sites, icons or hyperlinks that identify alternative languages and initialize Google Translate could be added to the webpage. The function would automatically translate website text into the user’s language of choice. In keeping with best practices for making web-based translation services accessible, SEDA-COG intends to implement code that shows icons for the largest ten (10) LEP language groups in the SEDA-COG MPO’s service area.

To verify the accuracy of Google Translate, the SEDA-COG MPO’s webpage was translated into Spanish, and the output was evaluated by a bi-lingual English/Spanish translator. The detailed results of this evaluation are summarized in Appendix K. Although some translational issues were identified, there were no substantive issues that would inhibit a speaker of Spanish from understanding the implied meaning of the text.
The “Four I” Approach

The “Four I” Approach is a template for structuring the implementation process at each Contact Point, and is defined according to the following four (4) groups of activities:

1. **Inform**
   Providing notice to LEP persons of the language assistance services available to them.

2. **Identify**
   Recognizing LEP persons and identifying their preferred spoken language.

3. **Interact**
   Accessing and using resources for language translation and interpretation.

4. **Instruct**
   Training staff on the resources that will enable them to accommodate LEP persons.

Contact Points

Public Meetings

Public Meetings are the formally announced and advertised meetings conducted by the MPO, in fulfillment of its Unified Planning Work Program (UPWP) and Public Participation Plan (PPP). In large part, this encompasses the SEDA-COG MPO Board Meetings and periodic plan-specific public meetings for the Transportation Improvement Program, Long Range Transportation Plan, Public Participation Plan, and Coordinated Public Transit-Human Services Transportation Plan.

**Inform**

The advertisement requirements for Public Meetings are prescriptive, with a legal advertisement in a “newspaper of general circulation” being the standard method for fulfilling the legal requirement for meeting advertisement. Press releases, website postings/announcements, and email blasts to Interested Parties are supplemental advertisement techniques that the SEDA-COG MPO is committed to using, per its PPP.

The SEDA-COG MPO will provide notice of the availability of translation and/or interpretation services in legal ads, press releases, and website posts that announce or advertise a public meeting. The notice will
be provided in both English and Spanish languages. The following sample text would be used and adapted, as necessary:

**ENGLISH:**
“The content of this [advertisement / press release / posting] is available in alternative formats and other languages upon request by contacting the SEDA-COG Metropolitan Planning Organization (MPO). Persons who plan to attend the announced [meeting / event / activity] and require language interpretation services and/or special accommodations under the American with Disabilities Act should contact the SEDA-COG MPO at least five (5) days prior to the [meeting / event / activity]. Contact the MPO by phone at (570) 524-4491, by written letter addressed to 201 Furnace Road, Lewisburg, PA 17837, or by email to jsaylor@sedacog.org.

**SPANISH:**
"El contenido de este [anuncio/ comunicado de prensa / publicación] está disponible en formatos alternativos y otros idiomas bajo pedido en la Organización de Planificación Metropolitana de SEDA-COG (MPO). Las Personas que planean atender la [reunión / evento/ actividad] anunciada y requieren de servicios de interpretación y/o arreglos especiales bajo la Ley sobre Estadounidenses con Discapacidades deben comunicarse con SEDA-COG MPO por lo menos cinco (5) días anteriores a la [reunión / evento/ actividad]. Contacte la MPO por teléfono al (570) 524-4491, mediante carta escrita al 201 Furnace Road, Lewisburg, PA 17837, o por correo electrónico a jsaylor@sedacog.org.

At the meeting venue, the SEDA-COG MPO will display a poster-sized version of its *Notice of Language Services* (Appendix B). The notice will be displayed in both English and Spanish.

**Identify**
Whether or not an LEP person contacts the MPO prior to a Public Meeting, the key identification point will be the Welcome/Sign-In station provided at the meeting venue. It is preferable that LEP persons “self-identify” themselves, as requested in the *Notice of Language Services*. The MPO will maintain a Language Identification Card as standard material for the Welcome/Sign-In station.

**Interact**
At each Public Meeting, the SEDA-COG MPO will have at least one trained staff person designated to interact with the LEP person(s) in attendance. This person will be trained in accessing and using the on-demand telephone interpretation service, which will be used to facilitate discussion. An agency maintained cell-phone with speaker capability will be provided for this purpose. (Cell phone reception should be checked when evaluating venues as potential meeting sites.)

**Instruct**
Training for the Public Meeting Contact Point will address the following:

- Writing Legal Advertisements, Press Releases, and Webpage Postings – Training may or may not be required for staff who draft and assemble the various announcements and other materials in which the availability of language services is advertised.
• Identifying LEP Persons – Training is recommended for persons who will staff the Welcome/Sign-In Station. These staff should be familiar with the Notice of Language Services and use of the Language Identification Card.

• Interacting with LEP Persons – Training is critical for the person who is designated to interact with the LEP persons. These staff should be familiar with the access process and credentials for the on-demand interpretation service and have some experience with handling the dynamics of communication via interpreter. Learning through “shadowing” a person performing this function is recommended.

**Office Walk-In**

An Office Walk-In involves an LEP person or group visiting the SEDA-COG MPO at their office in person. While this method of contact may be infrequent, the purpose of such a visit may be more urgent and have a more weighty purpose—such as a discrimination complaint. Walk-in visitors are typically unannounced, but may have called ahead to arrange a meeting with a certain staff person.

**Inform**
Initial contact between the LEP person and SEDA-COG staff will likely occur in the SEDA-COG office lobby. Therefore, in this location, a poster-sized version of the Notice of Language Services (Appendix B) will be displayed. The notice will be displayed in both English and Spanish. Along with the Notice, a second smaller poster will briefly describe (again, in English and Spanish) the process that the SEDA-COG reception staff will use to identify the language spoken and call the telephone-based interpretation service.

**Identify**
It is preferable that LEP persons “self-identify” themselves, as requested in the Notice of Language Services. The MPO will maintain a Language Identification Card at the Reception Desk, for use in discovering the language being spoken.

**Interact**
In all likelihood, the SEDA-COG receptionist will be the first contact point. Each reception staff person will be trained in accessing and using the on-demand telephone interpretation service, which will be used to facilitate discussion.

**Instruct**
Training for the SEDA-COG reception staff and the SEDA-COG MPO staff will address the following:

- Lobby Posters and other Bi-Lingual Informational Material – Training will identify the location, content, and use of the lobby posters and any other supplemental material developed for use in

<table>

</table>
the SEDA-COG lobby to notify the LEP person of the availability of language services and the process that he or she can expect.

- Identifying LEP Persons – Training will focus on the use of the Language Identification Card.
- Interacting with LEP Persons – Staff will be informed about the credentials and access process for the telephone-based interpretation service. Instruction will also include general principles on interacting with an LEP person and the interpreter.

**Telephone Call**

Telephone calls to the SEDA-COG MPO would likely come through the main SEDA-COG phone number, in which case, they would be answered by the SEDA-COG reception staff. In particular, phone calls regarding language assistance services may be expected in reply to advertisements and other notices that request notification in advance of meeting.

**Inform**

An LEP person who places a phone call to the SEDA-COG office will, in all likelihood, be responding to an advertisement, web posting, or other announcement that solicits the call for a purpose and provides notice about the availability of language assistance. In this case, the LEP person would be at least partially informed about the MPO’s commitment to make information available in other languages. A more expansive explanation of the specific language services provided and the expectations for how they are provided would be communicated once the language of the LEP person is identified and interpretation services are initiated.

**Identify**

The LEP person may not self-identify his or her preferred language, and the person taking the call may not be able to identify the language without help. In either case, assistance in identifying a caller’s language can be handled via the Telephone-Based Interpretation Service.

**Interact**

In all likelihood, the SEDA-COG receptionist will be the first contact point. Each reception staff person will be trained in accessing and using the on-demand telephone interpretation service, which will be used to facilitate discussion. Most all interaction with the LEP person will occur with the interpreter’s help. The receptionist may also transfer the call to the SEDA-COG MPO staff, which may require the use of advanced phone system features in transferring the call.

**Instruct**

Training for the SEDA-COG reception staff and the SEDA-COG MPO staff will address the following:

- Identifying LEP Persons – Training will focus on the process and expectations for how the Telephone-Based Interpretation Service will identify the LEP person’s language.
- Interacting with LEP Persons – Staff will be informed about the credentials and access process for the telephone-based interpretation service. Instruction will also include general principles on interacting with an LEP person and the interpreter. Instruction about the telephone system features and process necessary to transfer the conference call to another person should be given to both reception staff and MPO staff.

**Webpage**

The SEDA-COG MPO’s site address is [www.seda-cog.org/transportation](http://www.seda-cog.org/transportation). The site provides a platform for disseminating information about its plans and programs, advertising upcoming activities, and receiving input through a Comment Page. Contact with the SEDA-COG MPO through their website portal is one of the more likely contact points used by LEP persons, for many of the same reasons that non-LEP persons seek out a webpage. Information and answers to questions may be handled on a self-serve basis, which is typically more comfortable for most persons who are savvy with the internet and computer technology. There is much information already on the SEDA-COG MPO webpage that may be readily accessed. Beyond this, for an LEP person, looking up a webpage is far less confrontational than telephone or in-person contact.

As an implementation step of this plan, SEDA-COG intends to implement Google Translate on the entire website. In addition certain human-translated “vital documents” (identified previously) are available on the website in Spanish. To verify the accuracy of the Google Translate tool for the Spanish language, an analysis of the Spanish Google Translate output for the SEDA-COG MPO webpage was completed by a bi-lingual English/Spanish translator to verify the accuracy of the translation (see Appendix K). Although some translational issues were identified, there were no substantive issues that would inhibit a speaker of Spanish from understanding the implied meaning of the text.

**Inform**

The *Notice of Language Services* (Appendix B) will be integrated into the SEDA-COG MPO webpage through one or more of the following:

- **Adding the Notice of Language Services** to the SEDA-COG MPO webpage, with one or more links added in the navigation menu (webpage, left side). Links would be placed under the “Public Participation Plan” and “Comments” sections. The *Notice* would display in Spanish and English.

- **Adding a hyperlink to the Notice of Language Services** adjacent to the Google Translate icon, when this tool is added to the webpage.

- **Integrating the Notice of Language Services** into the Google Translate tool, such that a new “popup” tab opens the first time a user activates Google Translate. The notice will display in Spanish and English.
Identify
Since use of the SEDA-COG MPO webpage would be self-directed, identification of the LEP person would be accomplished through the user’s selection of language through the Google Translate tool.

Interact
With an LEP Person accessing the webpage, interaction occurs according to the user’s preferences and access of the posted information. Translation of the webpage is automated, and interpersonal interaction is not expected. However, interactions with the webpage may be only an initial contact point, and may generate other contact points (phone call, walk-in, written correspondence, etc.)

Instruct
Minimal instruction of staff is required for the webpage contact point. Instead, the webpage design and ease of use may require some thought about how LEP persons would approach and use the webpage. Training of the IT staff may be necessary for successful webpage integration of the Google Translate tool (web standards, protocols, HTML coding).

Written Correspondence
Contact through Written Communication includes both paper and electronic email correspondence. Both contact points are likely with LEP persons, as these communication methods are less confrontational and require minimal interpersonal interaction. Written correspondence may be very well suited for certain purposes, such as identifying an issue of concern or providing specific comments on a plan or program. In other cases, written correspondence will serve as a starting point for additional contact, whether a phone call, face-to-face discussion, or a webpage visit.

Inform
Written correspondence may be the most accessible and well-advertised contact point for LEP persons, as most materials published by the SEDA-COG MPO include the office mailing address and an email address. On the SEDA-COG website, the office address appears at the top and bottom of every page, with SEDA-COG’s general email address (Admin@seda-cog.org) at the bottom. In addition, most persons—whether LEP or not—understand the concept of written correspondence and its usefulness for accessing information, providing comments/feedback, and asking questions.

Similar to those who make a phone call to the SEDA-COG office, an LEP person who provides written correspondence will, in all likelihood, be responding to an advertisement, web posting, or other announcement that solicits the call for a purpose and provides notice about the availability of language assistance. In this case, the LEP person would be at least partially informed about the MPO’s commitment to make information available in other languages.
Identify
Identifying the language of a paper copy, written document may require the contracted help of a translation service. The paper copy or electronic scan (PDF or other image format) would be provided to the translation service provider, which would identify the language and translate the document into English. A listing of translation service providers, including webpage and contact phone numbers, is provided in Appendix I.

For email or other written electronic correspondence, the contracted translation service may be used, or the “Detect language” function of Google Translate may be used to automatically detect the language. The electronic text would be copied into an automated translation tool (Google Translate, Bing Translator, etc.), which would detect the language assuming that it is one that is supported by the tool. Even if the translation is not fully accurate, this method should be sufficient to identify the language.

Interact
Some, but not all, of the correspondence from LEP persons will require a response, which would be the primary point of interaction. If the correspondence is simply providing feedback or comment on a plan or program, a response would be optional. Regardless, the response would be prepared in English and then translated into the language spoken by the LEP person. Since an accurate translation would be desired, the contracted help of a translation service would be used to prepare the response. Google Translate may be used if the message is simple and an immediate response is needed. However, since it is based on automated routines (as opposed to human translation), it may not accurately communicate the message desired.

Instruct
Training for the written communication contact point would focus on the selection and use of the various translation tools. The training will introduce the Google Translate tool and its capabilities, along with examples. The process for accessing the contracted translation service and the expectations for turnaround of a translation would also be described.

LEP Plan Coordination & Staff Training

As part of the LAP, the SEDA-COG MPO has identified resources and tools to be used in various contexts (i.e., Contact Points) to provide language assistance services. The resources and tools have been compiled into an LEP Employee Resources Manual, and staff expertise in using them will be developed through an LEP Employee Training Presentation. Jim Saylor, the SEDA-COG MPO Transportation Program Director, has been designated as the Language Assistance Coordinator and will oversee the staff training activities.
**LEP Employee Training Presentation**

The Training Presentation has been prepared in Microsoft PowerPoint and includes two primary sections: 1) an overview of the LEP Plan, including the Four Factor Analysis; and 2) an explanation of the tools and resources appropriated in the LAP. The presentation includes a hyperlink to an online 25-minute video presentation developed by the U.S. Department of Justice for laypersons who are learning about language access and assistance. With the video and a time for questions, the full Training Presentation can be completed in 1 hour.

**LEP Employee Resources Manual**

The Manual is a compilation of the various resources and tools available to the SEDA-COG staff for providing language assistance. The Manual is comprised of tools and resources that are found in the Appendix of this LEP Plan Document. Versions of these materials are maintained in electronic (PDF) and paper copy (binder). Each staff member who participates in the Training Presentation will receive a paper copy of the Manual. Much of the material in the Manual is self-explanatory and may be used for a variety of training formats:

- On its own for brief “crash course”;
- With the guidance of a trained staff person for “one-on-one” training; or
- Alongside a copy of the Training Presentation for “self-paced” training.

Paper copies of the Manual will be maintained in the SEDA-COG receptionist’s desk and at the Welcome Center of SEDA-COG MPO public meetings, so that the language assistance materials are available for quick reference in serving LEP persons.

**Plan Evaluation Process**

The LAP, along with the larger LEP Plan, will be evaluated annually by interested staff or a committee assembled by the Language Assistance Coordinator, in compliance with current FHWA and FTA guidance. An update to the LAP, which is provided in the appendix of the SEDA-COG MPO Public Participation Plan, will be considered a “technical update” and would not require public comment and re-adoption by the MPO unless the update substantially changes the public participation process.

The following materials are provided in Appendix L for use in the annual review process:
**LEP Plan Self-Assessment Checklist**

The LEP Plan Self-Assessment Checklist may be used as the overarching template for the assessment. The Checklist provides a series of questions designed to encourage discussion and critical thinking about the success of interactions (if any) with LEP persons, the usefulness of the plan provisions and LAP, and the evolving nature/growth of LEP populations and their needs in the SEDA-COG MPO region.

**LEP Interaction Tracking Form**

The LEP Interaction Tracking Form has two components that are used in documenting interactions with LEP persons:

- The *Record of Interactions* collects information about each interaction with an LEP person. Each row represents an interaction. Multiple copies of this form may be used in a given year.

- The *Annual Report Summary* draws from the Record of Interactions and serves as a one-page, annual report of the information collected about LEP interactions.

The *Record and Annual Report* are intended to inform certain questions asked in the Self-Assessment.

**Suggested LEP Plan Performance Measures**

A listing of Suggested LEP Plan Performance Measures is provided as a starting point for implementing a performance-based approach to evaluations of the LEP Plan. While FHWA and FTA generally encourage this approach, no formal rulemaking has been completed.

Language Assistance Interview with SEDA-COG MPO Staff
Language Assistance Interview with SEDA-COG MPO Staff
SEDA-COG Interview Questions | 10.17.14

PARTICIPANTS: Steve Herman, SEDA-COG MPO
Jim Saylor, SEDA-COG MPO
Rebecca Rosa-Claarke [RRC], McCormick Taylor (Interviewer)

INTERVIEW SUMMARY:

[RRC] How are you currently providing language assistance?

[SEDA-COG MPO] In five or six years, there have been no requests for translation. But the SEDA-COG MPO has consistently posted that the services are available and has included discussion about web translation services in their plans. In the past, one option that was considered was to utilize local university translation services, such as Susquehanna and Bucknell Universities. Notification has generally been made via public meeting advertisements; standard FHWA text regarding special accommodations has been included in the ads.

[RRC] What has been the biggest difficulty for the SEDA-COG MPO in the past with regard to providing language assistance services?

[SEDA-COG MPO] Because there have been no requests, the first request will be the biggest challenge. It will be difficult to determine how translation of documents will go. Will all of the text be translated or just a summary? There is concern that the Safe Harbor Threshold will be crossed for either Spanish or West Germanic. PennDOT District 2 has had some success in the past in dealing with Amish populations. Some of the younger people have gone to public meetings and have gone back and talked the elders through the process. One big issue with Amish is safety. It is important to make sure they have sufficient roadway shoulders, because they often ride in high speed or high crash areas in buggies. When they are hit by other vehicles, there is likely to be a fatality, and it is also likely to be a hit and run. There are service concerns specifically on Route 655, where they often utilize the corridor, and in Belleville, PA, and Sugar Valley area in Clinton County. The Old Order Amish population is growing, and there is increasing tension with other residents because Amish farmers are acquiring farmland. The main planning issues with the Amish are land use, safety, and safety planning. At the county level, they are prosecuting because the buggies aren’t following the standards for minimum reflectivity and lighting.

[RRC] What kind of staff resources do you have? Are there any staffing limitations?

[SEDA-COG MPO] The SEDA-COG MPO has a small staff, with limited access to other people outside of the organization. They share GIS services, and there are many part-time workers. When there is a public meeting, everyone will be busy prepping for the meeting and will be unable to pay special attention to LEP concerns. Therefore, it will be necessary to have everything prepared beforehand.
What tools would be the most useful for you?

Ads are often used. It would be good to have several methods available.

How do you provide notification to LEP people currently? Are there specific locations or methods utilized to notify? For example, bulletin boards where notices are posted.

In Juniata County, outreach to LEP groups was done for a Bridge Replacement Project. However, the SEDA-COG MPO generally does regional-based projects and would need to provide outreach on a regional level instead of project-specific. It is unlikely that there is one central place where you can get everybody.

How would you handle a phone call from an LEP person? We can propose a system for handling such calls, but it would likely require some training of staff in fielding the calls and connecting with a telephone interpreter service. Is it feasible to implement such a system and find such a staff person? Who’s the best staff person to handle this?

There are a few people who share phone duties, so it may not be possible to have one coordinator. Would it be helpful to have a binder that clearly laid out the protocol, so that anyone who is in charge of the phone could retrieve the binder at some central location and find instructions for how to handle a given situation? All of those who occasionally pick up the phone could also be sent a PDF of the binder information, so that they could do a self-directed training of the information. Yes, that would be a good solution. Then the main phone line would be the number that LEP individuals would call and whoever picked up the phone would know how to handle that. New staff could also receive the PDF.

As part of the LEP Plan, we need to identify the type of services that are provided by SEDA-COG and which ones will have the most serious consequences for LEP individuals (if they cannot participate in these services because of a language barrier)?

Safety considerations are the most important. For a PennDOT District 2 project in Mifflintown, it was determined that replacement for a local bridge would have a disproportionate impact on Spanish-speaking pedestrians. This was an example of a project-level LEP impact. Outreach was done in Clinton County on an interchange on US 220 north of I-80. There was an issue of grade separation in an intersection on a two-lane highway. There were high speeds on the main line. Amish traffic regularly crossed the intersection, so they were included in outreach. Multimodal considerations are an important aspect for LEP populations as well as safety.

Of the Long Range Transportation Plan (LRTP), Transportation Improvement Program (TIP), Public Participation Plan (PPP), Unified Planning Work Program (UPWP), and Coordinated Transit-Human Services-Transportation Plan, which are the most critical documents? Are there others of which we should be aware?
The PPP is obviously important. But for all the translated plans, how would translation work? Would footnotes be provided in other languages? With West Germanic it’s difficult. For the LRTP and PPP, an executive summary could be translated instead of the whole documents. But the TIP has associated documents so it would be more difficult. Also not all the maps were included in the TIP; they are just available upon request. SEDA-COG is skeptical of the idea of having one liaison act as the voice of any LEP community. Amish communities, in particular, vary so much from group to group that it doesn’t make sense to have one representative. [Perhaps when there is a translation request for a document like the TIP, it would be helpful to have an interpreter available to voice the specific concerns of the LEP individual instead of trying to translate the whole document or have them act as the voice of their community?] Yes, that would work. That way, we are fulfilling the requirement of offering translation of documents if needed.

In the FTA Circular, it is stipulated that for populations with literacy issues, written translation isn’t necessary as long as verbal translation is done. In the case of West Germanic, it may be more useful to provide interpretation services for planning documents instead of trying to do a written translation.

Agreed.

Often, LEP requirements change annually, so there is a need to review current requirements on an annual basis. Who will review the LAP to ensure that it is up to date? How will it be documented?

As part of the protocol that will be included in the binder, we’d provide them with the website where they would need to check for FTA updates. We’ll need to work on identifying the person who would do yearly monitoring.
Appendix B

Notification of Language Services
(English and Spanish Versions)
Notice of Language Services

The SEDA-COG MPO provides language interpretation and document translation services upon request. If your preferred language is not English, please allow us to discover your preferred language and converse or correspond with you in that language. The following describes what you can expect when you interact with our staff ...

In-Person
If you are attending a meeting or visiting the SEDA-COG MPO Office in-person, please approach the Welcome/Sign-In Station or Reception Desk and state your preferred language. If the person cannot understand your request, he or she will show you a Language Identification Card. Please point to your preferred language. The person helping you will ask you to wait a moment while a telephone-based interpretation service is contacted to assist in the conversation. Interpretation is available for many different languages, and is provided free of charge. Please be patient while we bring the interpreter on the line.

By Phone
If you wish to call the SEDA-COG MPO, please call the main office number at (570) 524-4491 and request your preferred language. If the person answering your call cannot understand your request, he or she will ask you to wait a moment while a telephone-based interpretation service is contacted to assist in the conversation. Interpretation is available for many different languages, and is provided free of charge. Please be patient while we discover your language and bring the interpreter on the line.

By Written Correspondence
When writing correspondence to the SEDA-COG MPO, please write in your preferred language. Address paper correspondence to SEDA-COG MPO, 201 Furnace Road, Lewisburg, PA 17837. Address email correspondence to jsaylor@seda-cog.org. The MPO also provides a Comments Portal on their website at http://www.seda-cog.org/transportation/Pages/Comments.aspx. We will translate your correspondence and then provide a response (if feasible and appropriate) in your preferred language as well as English. Please allow up to 45 days for the written, translated response in your language.

Document Translations Available

The SEDA-COG MPO is committed to maintaining Spanish translations of vital documents, which encompass those that explain how to access the MPO’s services (including language assistance services), complaint forms, and notification of rights. These translated documents are available in paper copy through the SEDA-COG MPO office, and many are also available online at the MPO’s website (http://www.seda-cog.org/transportation/Pages/Home.aspx).
Notificación de Servicios de Idioma

El SEDA-COG MPO proporciona servicios de interpretación de idiomas y traducción de documentos bajo pedido. Si su idioma preferido no es el inglés, por favor permítanos descubrir su idioma preferido y conversar o corresponder con usted en este idioma. Lo siguiente describe lo que puede esperar cuando interactúa con nuestro personal...

En Persona
Si está atendiendo a una reunión o visita en la oficina de SEDA-COG MPO en persona, por favor acérquese a la Estación de Bienvenida/Registro o Recepción e indique su idioma preferido. Si la persona no entiende su pedido, él o ella le mostrarán la Tarjeta de Identificación de Idiomas. Por favor señale su idioma preferido. La persona que le está atendiendo le pedirá que espere un momento mientras localiza a un servicio de interpretación por teléfono para asistirle en la conversación. La interpretación está disponible para muchos idiomas distintos y está disponible para usted libre de cargo. Por favor tenga paciencia mientras traemos al intérprete a la línea.

Por Teléfono
Si desea llamar a SEDA-COG MPO, por favor llame al número de la oficina principal al (570) 524-4491 y solicite su idioma preferido. Si la persona que está atendiendo la llamada no le entiende, él o ella le pedirán que espere un momento mientras localiza a un servicio de interpretación por teléfono para asistirle en la conversación. La interpretación está disponible para muchos idiomas distintos y está disponible para usted libre de cargo. Por favor tenga paciencia mientras traemos al intérprete a la línea.

Por Medio de Correspondencia Escrita
Cuando está escribiendo una correspondencia a SEDA-COG MPO, por favor indique en ella su idioma preferido. Envíe su correspondencia escrita a SEDA-COG MPO, 201 Furnace Road, Lewisburg, PA 17837. Envíe su correspondencia por correo electrónico a jsaylor@sedacog.org. La MPO también tiene a su disposición el Portal de Comentarios en su página web http://www.seda-cog.org/transportation/Pages/Home.aspx. Traduciremos su correspondencia y proporcionaremos una respuesta (en caso que es factible y apropiado) en su idioma preferido, como también en inglés. Por favor permítanos un periodo de hasta 45 días para tramitar su correspondencia escrita y traducida a su idioma.

Traducción de Documentos Disponible

El SEDA-COG MPO está comprometido a mantener traducciones en español de documentos vitales, los cuales incluyen a los que explican cómo acceder a los servicios de MPO (inclusive servicios de asistencia de idiomas), formularios de querellas, y notificaciones de derechos. Estos documentos traducidos están disponibles en copia impresa en la oficina de SEDA-COG MPO, y muchos están disponibles también en línea en la página web de MPO (http://www.seda-cog.org/transportation/Pages/Home.aspx).
Appendix C

Title VI Notice to Beneficiaries
(English and Spanish Versions)
Title VI Notice to Beneficiaries
(English)

SEDA-COG METROPOLITAN PLANNING ORGANIZATION (MPO)
NOTIFICATION OF PROTECTIONS TO THE PUBLIC OF RIGHTS UNDER TITLE VI
AND INSTRUCTIONS ON HOW TO FILE A COMPLAINT

It is SEDA-COG MPO’s policy to utilize its best efforts to assure that no person shall, on the grounds of race, color, disability, sex, age, low income, national origin or limited English proficiency, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under its programs or services, as provided by Title VI of the Civil Rights Act of 1964, as amended.

Any person who believes she or he has been aggrieved by any unlawful discriminatory practice under Title VI may file a complaint. All complaints received are documented and assigned to the appropriate staff for investigation.

For more information on the SEDA-COG MPO’s civil rights program and the procedures to file a complaint, or to get information in another language, please contact:

   Mr. James Saylor, P.E., PTOE
   Title VI Compliance Officer
   SEDA-COG MPO
   201 Furnace Road
   Lewisburg, PA 17837

   (570) 524-4491
   jsaylor@seda-cog.org
   www.seda-cog.org

After the complaint is processed, a response (if requested) will be sent to the customer filing the complaint and appropriate corrective action is taken.

A Complainant may file a complaint directly with the Federal Highway Administration by filing a complaint with the Equal Opportunity Specialist, U.S. Department of Transportation, Federal Highway Administration, 228 Walnut Street, Room 508, Harrisburg, PA 17104-2515.
Title VI Notice to Beneficiaries
(Spanish)

SEDA-COG ORGANIZACIÓN DE PLANIFICACIÓN METROPOLITANA (MPO)
NOTIFICACIÓN DE PROTECCIONES AL PÚBLICO DE DERECHOS BAJO TÍTULO VI
Y INSTRUCCIONES PARA PRESENTAR UNA QUEJA

SEDA COG MPO está comprometida asegurar que ninguna persona sea excluida de participar en sus servicios de tránsito o negada los beneficios de sus servicios de tránsito sobre la base de raza, color, u origen nacional.

Cualquier persona que cree que ha sido agraviada por una práctica discriminatoria y ilegal bajo Título VI puede presentar una queja. Todas las quejas recibidas están documentadas y asignadas a los empleados apropiados para investigación.

Para más información sobre el programa de derechos civiles de Título VI y los procedimientos para presentar una queja, o para obtener más información en una otra idioma, por favor póngase en contacto con:

Mr. James Saylor

Title VI Complaint Form
(English and Spanish Versions)
SEDA-COG Metropolitan Planning Organization (MPO)
Title VI Complaint Form
(English)

SEDA-COG MPO recognizes its responsibilities to the communities it serves. It is SEDA-COG MPO’s policy to utilize its best efforts to assure that no person shall, on the grounds of race, color, disability, gender, age, low income, national origin, language or limited English proficiency (LEP), be excluded from participation in, be denied the benefits of, or be subjected to discrimination under its programs or services, as provided by Title VI of the Civil Rights Act of 1964, as amended. These procedures apply to all external complaints relating to any program or activity administered by SEDA-COG MPO and/or its sub-recipients, consultants and contractors, filed under Title VI of the Civil Rights Act of 1964 as amended, (including Disadvantaged Business Enterprise and Equal Employment Opportunity components), as well as other related laws that prohibit discrimination.

The following information is necessary for processing your complaint. If you require assistance in completing this form, please contact the SEDA-COG MPO Compliance Officer by calling (570) 524-4491. Please return the completed form to the SEDA-COG MPO Compliance Officer at SEDA-COG MPO, 201 Furnace Road, Lewisburg, PA 17837. Title VI complaints must be filed within 180 calendar days from the date of the alleged discrimination.

Title VI Complaint Form Procedure
(English and Spanish Versions)
SEDA-COG Metropolitan Planning Organization (MPO)
Title VI Complaint Form Procedure
(English)

The SEDA-COG MPO will acknowledge receipt of the complaint by notifying the Complainant within 15 calendar days of the “Date Received” shown above. If the Complainant is unsatisfied with the response from the SEDA-COG MPO Compliance Officer and/or Executive Director, the SEDA-COG MPO will transmit the complaint to the proper state or federal agency—Federal Highway Administration (FHWA), Federal Transit Administration (FTA), and the Pennsylvania Department of Transportation (PennDOT) for investigation and disposition pursuant to that agency’s Title VI complaint procedures.

1. Complete and return form to SEDA-COG MPO Compliance Officer at SEDA-COG MPO, 201 Furnace Road Lewisburg, PA 17837 within 180 calendar days from the alleged incident.

2. The complaint will be reviewed and investigated by the SEDA-COG MPO Compliance Officer.

3. SEDA-COG MPO Compliance Officer, along with appropriate members of SEDA-COG MPO staff, will determine the merit of the claim and within 15 calendar days provide the Complainant, and/or the Individual Assisting Complainant, a written acknowledgement that SEDA-COG MPO has either accepted or rejected the complaint.

4. If the Complainant is unsatisfied with the response, the complaint may be presented to the Executive Director within 10 calendar days from receiving the response.

5. The Executive Director will respond to the Complainant, and/or the Individual Assisting Complainant, within 15 calendar days.

6. If the Complainant is unsatisfied with the response, the investigative report and findings will be reviewed by the SEDA-COG MPO Board and SEDA-COG MPO counsel.

7. A copy of the complaint and SEDA-COG MPO’s investigative report/findings and remedial action plan, if appropriate, will be issued to the proper state or federal agency (e.g.: FHWA, FTA, and PennDOT) within 120 calendar days of receipt of the complaint.

8. A summary of the complaint and its resolution will be included as part of the Title VI updates to the proper state or federal agency (e.g.: FHWA, FTA, and PennDOT).

9. Records will be available for compliance review audits.
El MPO SEDA-COG acusará recibo de la denuncia mediante notificación al demandante dentro de los 15 días de la presentación de quejas. El MPO SEDA-COG transmitirá la denuncia al estado adecuado o agencia federal (por ejemplo: Administración Federal de Carreteras, la Administración Federal de Tránsito, y PennDOT ) para investigación y disposición de conformidad con los procedimientos de queja del Título VI de ese organismo.

1. Llene y envíe su solicitud a: Title VI Compliance Officer, SEDA-COG MPO, 201 Furnace Road Lewisburg, PA 17837, dentro de 180 días calendarios dispues del supuesto incidente.

2. La queja será revisada y examinada por el administrador de SEDA-COG.

3. El Administrador, junto con los miembros del equipo de dirección determinarán el mérito de la queja y dentro de 10 días mandar un acuse de recibo al demandante de aceptación o oposición.

4. Si el demandante está insatisfecho con la respuesta, la queja puede ser presentada al Director Ejecutivo dentro de 5 días hábiles dispues de recibir su respuesta.

5. El Director Ejecutivo responderá dentro de 10 días hábiles.

6. Si el demandante está insatisfecho con la respuesta, el informe de investigación y fallos será revisado por la Junta Directiva SEDA-COG.

7. Si relevante, una copia de la queja y el informe de investigación/fallos y plan de acción correctivo serán enviados a FTA dentro de 120 días de recibo de la queja.

8. Un resumen de la queja y su resolución será incluído como parte de las actualizaciones de Título VI a FTA.

9. Anotaciones estarán disponibles para auditorías de reviso de cumplimiento.

Telephone-Based Interpretation Service
Tips for Working with an Over-the-Phone Interpreter

Your role
Over-the-phone interpreters may receive several calls a day—each one requiring special attention in a specific field. When working with an interpreter over the phone, there are a few things you should keep in mind to ensure your call is handled quickly and successfully.

- Always speak in first person, just as you would in normal conversation. For example, say, “Do you have a fever?” rather than “Ask her if she has a fever, please.”
- Immediately introduce yourself to the limited-English speaker (LES) client and explain your reason for calling.
- Telephone interpretation is “consecutive” interpretation. That means you will experience pauses when the interpreter repeats each statement in the respective language.
- After you speak a few sentences or finish a thought, pause to give the interpreter enough time to interpret.
- Be prepared to explain some things in more detail for the interpreter. Some terminology and concepts may not have an equivalent in the target language.
- Control the conversation. The interpreter is only there to interpret. You are responsible for making sure the LES client receives the same service as an English-speaking client.
- Ask the interpreter and the LES client questions to ensure they understand what you want to communicate.
- We can accommodate three-way telephone interpretation calls. Tell the call center agent the name and phone number of the third party, and they will arrange the call for you. The interpreter cannot facilitate this for you. You must ask the call center agent at the beginning of the call.
- Follow up by providing us with feedback about your interpretation services.

Your interpreter’s role
We expect interpreters to meet high standards and want to know when they are meeting expectations. To that end, your feedback is critical.

- Make sure your interpreter introduces himself/herself using a first name and ID number. They are not required to provide a last name.
- Your interpreter should not have a side conversation with you or the client. He or she must relay everything that is said back to you or your client. This includes any advice that the client may ask of the interpreter.
- Your interpreter should not discuss anything unrelated to the telephone interpretation assignment.

More questions about over-the-phone interpretation? Contact us at 913-381-3143 or email Interpreter@propin-ls.com.

Bill, I sent this out yesterday to all the MPOs & RPOs and at the time forgot that I owed you a response.

ALCON,
Interpretation/Translations

With a new contract comes some changes. Propio Language Service handles all of the “over the phone interpretation”, they do not provide translation services. I have attached a list of Vendors that can provide translation services for documents or anything written. You can call around to get a good price or I have put a check next to companies that we have used with positive results. Remember that you are a planning partner with PennDOT (Commonwealth of Pennsylvania) and you have the account number to use.

If you have any further question, just give me a call.

Verification of Google Translate Performance
Verification of Google Translate Performance

While Google Translate can be a useful tool for obtaining automatic translation results, the USDOT/Federal Highway Administration has noted the need for all agencies receiving federal assistance to verify the accuracy of any automated translation. Therefore, seven (7) of the MPO’s primary pages were translated automatically using Google Translate. A bilingual translator verified the results. The MPO webpages were sampled on October 14, 2014.

Based on the analysis of these pages, Google Translate provides a passing Spanish translation in spite of consistent translation errors. The following categories of issues were identified:

- Incorrect translation
- Lack of translation
- Unnecessary translation
- Punctuation Issues
- Inaccurate acronym translation
- Subject/modifier translation error
- Capitalization error
- Improper tense
- Individual/plurality issue
- Feminine/masculine word error

The issues on specific webpages were as follows:

<table>
<thead>
<tr>
<th>Webpage Title</th>
<th>Summary of Issues</th>
</tr>
</thead>
<tbody>
<tr>
<td>Metropolitan Planning Organization</td>
<td>• 1 Punctuation issue&lt;br&gt;• 2 Incorrect translations&lt;br&gt;• 4 Subject/Modifier translation errors&lt;br&gt;• 1 Unnecessary translation&lt;br&gt;• 2 Lack of translations&lt;br&gt;• 18 Inaccurate acronym translations</td>
</tr>
<tr>
<td>Long Range Transportation Plan</td>
<td>• 10 inaccurate acronym translations&lt;br&gt;• 1 Punctuation Issue&lt;br&gt;• 2 Capitalization Errors&lt;br&gt;• 1 Subject/Modifier translation error</td>
</tr>
<tr>
<td>Transportation Alternatives Program</td>
<td>• 6 Subject/Modifier translation errors&lt;br&gt;• 1 Feminine/Masculine word error&lt;br&gt;• 3 Punctuation Issues&lt;br&gt;• 9 Lack of translations&lt;br&gt;• 1 Unnecessary translation&lt;br&gt;• 15 Inaccurate acronym translations</td>

### Providing Notice of Language Assistance

**How does SEDA-COG MPO inform the public about the availability of language assistance services?**

(e.g., posters, website, etc.)

<table>
<thead>
<tr>
<th>Describe:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
</tr>
<tr>
<td></td>
</tr>
<tr>
<td></td>
</tr>
</tbody>
</table>

**In what language(s) does SEDA-COG MPO advertise language assistance services?**

1.  
2.  
3.  

### Providing Language Assistance

**For the Safe Harbor LEP populations, what vital documents are translated?**

1.  
2.  
3.  
4.  
5.  

**Does SEDA-COG MPO offer automated translation services on its website?**

- [ ] Yes
- [ ] No

**If so, what services are currently in use?**

- [ ] Google Translate
- [ ] Bing Translator
- [ ] Other: ____________________________
- [ ] Other: ____________________________

**What are the top three (3) languages for which translation are most requested?**

1.  
2.  
3.  

Training & Staff Resources

How does SEDA-COG MPO train staff for interacting with LEP persons? (e.g., identify language spoken, handle translation requests, access interpretation services)

Describe: ____________________________________________
____________________________________________________
____________________________________________________
____________________________________________________
____________________________________________________
____________________________________________________

Monitoring and Updating the Language Assistance Plan

Is the LEP Plan and LAP available to the public for review? If yes, where is it available?

- Yes
- No

If so, where is it available?

Describe: ____________________________________________
____________________________________________________
____________________________________________________
____________________________________________________
____________________________________________________

How often is the LAP updated (i.e., annually, biennially, etc.)?

- Annually
- Biennially
- Every 3 years
- Every 4 years
- Every ______ years

When was the LAP last updated?
