The TIP is the regionally agreed-upon list of priority projects which consists of the first four years of PennDOT's Twelve Year Program. The TIP project list is multimodal (i.e., it includes highway, bridge, public transit, bicycle/pedestrian, and freight-related improvements). The TIP is formally updated every two years in Pennsylvania, but it serves as a living document that is constantly being revised and amended. The draft TIP can be viewed at SEDA-COG's TIP webpage: <https://seda-cog.org/departments/transportation/transportation-improvement-program/> We welcome your comments on the draft TIP. You can complete a Comment Form at the meeting tonight or submit comments online at <https://bit.ly/4mBhfqh>.
